Hi Bob,

We have room on the agenda. However, I only have a very vague idea of the proposal (i.e., possible subdivision of your land to accommodate an Atlantic Broadband facility).

To give you the good advice, more specific information on the project is needed for the board to review before the meeting. Tomorrow afternoon would be the last real chance to get the info out to the board. If you can get us something before then we should be able to help you out.

Thanks,
Mark

I would like to attend in person the 5/5 planning board meeting. This is to discuss location for Atlantic Broadband project at 326 Knox Marsh Road.

I can be reached at 603-781-4321 & at stonegreyhouse@gmail.com.

Thank you.

Best regards,
Robert DiBerto
