Conditional Use Permit (CUP)

Temporary Wetland Crossing Madbury Tax Map 8, Lots 9, 9A, 18.E, and 18.F Eversource Right of Way off of Madbury Road, Madbury NH

In accordance with the Town of Madbury's Zoning Ordinances, Article IX, Section 4.C and Article IV, Section 8 dated March 2017, the Madbury Planning Board, at its 18 March 2020 meeting, approved this CUP.

This CUP is granted for utility maintenance access for the replacement of eight structures (a.k.a. power poles) on the 345 kV and 115 kV lines in the identified Eversource right of way. The proposed work is part of PSNH's on-going maintenance program and will require impacts to wetlands to access the poles.

Maintenance is to be accomplished using Best Management Practices as delineated in the VHB Inc. (Consultants) and Eversource Energy CUP application and associated Public Hearing.

Final report on vegetation establishment is to be provided to the Town of Madbury.
