Sorry to be late in responding.

The MCC has this:

A MOTION WAS MOVED BY John Crooks AND SECONDED by Tom Crosby : THE MADBURY CONSERVATION COMMISSION, AFTER REVIEWING THE CONDITIONAL USE MATERIALS, HAS NO OBJECTION TO THE MADBURY PLANNING BOARD ISSUING A CONDITIONAL USE PERMIT TO EVERSOURCE. THE MOTION PASSED.

The Water Resources Board was not able to figure out a good way to meet the time constraint. As a member, I can offer that I think the response would be similar to the MCC.

Eric

Subject: Eversource CUP Reiew

Hi Eric,

With cancellations coming in, I'm wondering where we stand on ConsCom and Water Board reviews of the Eversource maintenance CUP?

BTW: Planning Board is right at the edge for a quorum so the meeting may not go.

Thanks,

Mark
