REGISTRATION

SUBJECT: **MADBURY** – Kahr Automotive Group, LLC, 46 Moharimet Drive,
Registration for the Discharge of Nondomestic Nonhazardous
Wash/Rinse Water to the Ground Surface for Infiltration.
Site# 202104037 / Project# 40118 / Activity# 290560

Dear Mr. Kahr:

The NH Department of Environmental Services (NHDES) has reviewed the registration information submitted for the discharge and infiltration of incidental wash water generated during intermittent wash/rinse at the subject site.

The applications and supporting information submitted fulfills the regulatory requirements of Env-Wq 402, "*Groundwater Discharge Permit and Registration Rules.*" The nondomestic wastewater discharge registration is approved conditional to the following:

1. This registration is specific for wastewater generated during exterior cosmetic washing/rinsing of road vehicles and equipment. Activities shall be conducted in areas identified and as described in the submitted registration information.
2. The NHDES reserves the right, under N.H. Admin. Rules, Env-Wq 402, to require the discharges to cease and/or the registrant to conduct additional hydrogeologic studies, soils and wastewater testing, or remedial measures if information indicating the need for such action is received.
3. The facility operator (or assign) shall notify DES if this registered discharge permanently ceases at the facility or if the facility and/or property is transferred. Notification shall be in writing within 90 days of discharge cessation, operational changes, facility or property transfer.
4. Wastewater generated shall not exceed Ambient Groundwater Quality Standards (AGQS) or cause contamination of the ground or groundwater.
5. All wash water shall infiltrate on-site. Activities shall not cause runoff, erosion, or impact surface waters or wetlands.

DES Web Site: www.des.nh.gov

P.O. Box 95, 29 Hazen Drive, Concord, New Hampshire 03302-0095
Telephone: (603) 271-2513 Fax: (603) 271-5171 TDD Access: Relay NH 1-800-735-2964

6. Discharges of wastewater generated during chemical or steam cleaning of engines, transmissions, hydraulic components, fuel tanks or acid washing of vehicles or equipment are prohibited.
7. No maintenance activities are permitted in the water discharge area(s).
8. The facility owner shall be responsible for ensuring that all employees are aware of appropriate discharges and procedures.
9. Disposal or discharge of any regulated substance including petroleum products, solvents, paints, fuels, oils, or dumping of any bulk or expired products to ground or groundwater including septic systems, drywells, or storm water systems is prohibited.

All wash water should be rerouted and discharged to municipal sewer when available. Please notify DES of site changes that may alter the location or procedures of this registered activity.

If you have any questions or comments concerning this registration please contact me at (603) 271-2858 or by e-mail at mitchell.locker@des.nh.gov.

Sincerely,

Mitchell D. Locker, P.G.
