Hello Mark,

Thank you for your replying.

I'm sorry I don't have time to attend the meeting. All I concern is just what shows in the previous email. I don't like any construction near my property. I want to keep quit, nature environment.

Sincerely,

Ying  
Owner of 121 Dover road , durham

Thank you for reaching out with your input.

Will you be attending the meeting or would you like your input read during the meeting?

If you would like it read during the meeting, could you please provide specific concerns so that the Planning Board may best understand your input/

Thanks,  
Mark

Dear Mark Avery,

Today I got a mail about "Mulhern Durham 2019" meeting on 1 September 2021. Since this project is not in my favour, I don't consider any environment change near my property.

Sincerely,  
Ying Shi  
Owner of 121 Dover Road, Durham
