

## **Town of Madbury, New Hampshire 2015-2021 Capital Item/Project Review**

The purpose of this document is to assist in identifying needed improvements and significant additions to the Town's infrastructure and to schedule them in a priority over a six year period. This is a planning tool only and while projected ability to pay is considered inclusion in the Town's budget is not guaranteed. This process is undertaken and updated annually to review the Town's needs and accommodate the changes in those needs as well as the fiscal capacity of the Town.

The current year activities are included in this process for review. The funding amounts identified in this process for the following year will be included in the initial department request when the budgetary process begins for the upcoming fiscal year.

**Town of Madbury, New Hampshire**

## Town of Madbury, New Hampshire 2015-2021 Capital Item/Project Review

**Project Title:** Property Revaluation Capital Reserve  
**Department:** Assessing                                      **Location:** Town Hall

**Description:**  
 This Capital Reserve was established by Article 6 at the March 10, 2009 Town Meeting for the purpose of the revaluation of town properties; the Board of Selectmen were named as agents to expend from the fund. The capital reserve is held by the Trustees of Trust Funds.

**Rationale:**  
 The Town is required by State of NH law to reassess all real estate within the Town every 5 years. This is a substantial cost in the years that the revaluations occur. The current outside assessing services are provided under contract by Avitar Associates, a new agreement is being processed for 2016-2020.

**Operating Budget Impact:** The annual reserve set aside allows a more evenly distributed budgetary impact.

### Financial Projections:

## Town of Madbury, New Hampshire 2015-2021 Capital Item/Project Review

**Project Title:** Purchase of Property and/or Easements Capital Reserve

**Department:** Administration

**Location:** Town Hall

**Description:**

This Capital Reserve was established by Article 9 at the March 14, 2000 Town Meeting for the purpose of the purchase of property and/or easements; the Board of Selectmen were named as agents to expend from the fund. The capital reserve is held by the Trustees of Trust Funds.

**Rationale:**

This fund gives the Town the ability to purchase property and/or easements that become available and would be in the Town’s interest to own for recreation, development or conservation purposes. Prior uses have included \$15,000 toward Hoyt purchase, \$200,000 toward Iafolla purchase, \$48,559 toward Roselawn purchase and \$285,000 in FY14 for the purchase of a portion of the Schreiber property on Cherry Lane. Future consideration may be given to additional property on Cherry Lane. Use of the funds follows a public hearing process.

**Operating Budget Impact:** The annual reserve set aside allows a more evenly distributed budgetary impact.

**Financial Projections:**

## Town of Madbury, New Hampshire 2015-2021 Capital Item/Project Review

**Project Title:** Conservation Fund

**Department:** Conservation Commission

**Location:** various

**Description:**

This Fund authorized by RSA 36-A:5 was first added to by the Town per warrant article 12 of the 1980 Town meeting. Money may be expended by the Conservation Commission for its purposes without further approval of the town meeting. Funding sources include 50% of the LUCT (adopted provision authorized by RSA 79-A:25 by warrant article 10 of the 1989 Town meeting), unexpended balance of the Commission’s annual budget (when approved annually by Town warrant), and other income including gifts. Anticipated LUCT which will result from the 7 lots being developed on Long Hill Circle will cause additional monies to be added to this fund in the next few years. The custodian of the funds is the Town Treasurer.

**Rationale:**

This fund gives the Town the ability to purchase property and/or easements that become available for conservation purposes. Prior projects have included \$15,000 in 1992 on Bolstridge; \$35,000 in 2005 on Hoyt Pond; \$475,000 in 2007 on Hayes & Roselawn easements and in 2014 & 2015 donations toward facilitation of adding the Lahey & Renna Properties to the SATWaSR easement held by the Society for the Protection of New Hampshire Forests (SPNHF). Currently the Commission is involved in on going discussions with SPNHF related to the Goss property on Cherry Lane.

**Operating Budget Impact:**

**Financial Projections:**

**Town of Madbury, New Hampshire  
2015-2021 Capital Item/Project Review**

**Project Title:** Government Buildings Repair Capital Reserve

**Department:** Administration

**Location:** various

**Description:**  
This Capital Reserve was established by Article 5 at the March 13, 2012 Town Meeting for the purpose of major repairs to town government buildings; the Board of Selectmen were named as agents to expend from the fund. The capital reserve is held by the Trustees of Trust Funds.

**Rationale:**  
Periodic maintenance repairs such as roofing, boilers, security systems, etc are infrequent but costly when necessary. In 2014 the Board of Selectman authorized \$28,872 to be used to begin to address roof leaks at the Safety Complex.

**Operating Budget Impact:** The annual reserve set aside allows an even impact on the budget.

**Financial Projections:**

	Prior	FY15	FY16	FY17	FY18	FY19	FY20	FY21
--	-------	------	------	------	------	------	------	------

**Town of Madbury, New Hampshire  
2015-2021 Capital Item/Project Review**

**Project Title:** Information Technology

**Department:** Administration

**Location:** various

**Description:**

The franchise license agreement, for the period ending on July 12, 2015, held by Comcast allots a grant to be provided to the Town annually for the purpose of funding computer related needs of the town. The new franchise agreement with Comcast will not include this funding source. The internet service for Town Hall and the Safety Complex are covered by these funds.

**Rationale:**

The internet service for Town Hall and the Safety Complex are covered by these funds and additionally have assisted with necessary computer upgrades. In the future these costs will need to be included in the operating budget requests.

**Operating Budget Impact:**

The funding provided by outside sources reduces the need to raise funds for this equipment in the operating budget.

**Financial Projections:**

	Prior	FY15	FY16	FY17	FY18	FY19	FY20	FY21

## Town of Madbury, New Hampshire 2015-2021 Capital Item/Project Review

**Project Title:** Fire Equipment Capital Reserve

**Department:** Fire **Location:** Safety Complex

**Description:**

A Fire Truck Capital Reserve was established by Article 8 at the March 8, 1994 Town Meeting for the purpose of purchasing a fire truck; the Board of Selectmen were named as agents to expend from the fund. The title of that capital reserve was changed by Article 14 at the March 12, 2013 Town Meeting to Fire Equipment Capital Reserve and the purpose restated as being for the purchase of fire equipment, the Board of Selectmen were named as agents to expend from the fund. The capital reserve is held by the Trustees of Trust Funds.

**Rationale:**

These pieces of equipment are major purchases for the Town . Setting aside funding annually to accumulate for the future needs of the community is a prudent measure to assure appropriate apparatus are in place to provide adequate fire protection with reliable equipment and lessens the impact of costly mechanical repairs. The current need is to prepare for the replacement of Engine 3 which does not comply with current safety code standards and is slated to be replaced after 30 years of service in 2018. Additionally it has been determined that Air Bottles for Breathing Apparatus due for replacement over the next 4 years will be covered by this reserve and consideration needs to be given to replacing Breathing Apparatus at that time as well.

**Operating Budget Impact:**

The annual reserve set aside allows a less severe impact on the budget in the year of purchase and avoids debt expense burdens.

**Town of Madbury, New Hampshire  
2015-2021 Capital Item/Project Review**

**Project Title:** Police Equipment Replacement Reserve

**Department:** Police                      **Location:** Safety Complex

**Description:**  
This Capital Reserve was established Article 6 at the March 9, 2010 Town Meeting for the purpose of purchasing police equipment and names the Board of Selectmen as agents to expend from the fund. The capital reserve is held by the Trustees of Trust Funds.

**Rationale:**  
Timely replacement of vehicles that are used in this manner assures a reliable fleet and lessens the impact of mechanical repairs. Currently the department of has five (5) police cruisers including a Tahoe which was replaced in FY14 and four cars one of which was replaced in FY15. The intent is to use the fund to replace one car every two (2) years as well as provide sufficient funds for replacement/refurbishment of items if needed such as mobile radio units and other large infrequent purchases. This objective is achieved by annually setting aside \$18,000 toward cruiser replacement, \$7000 toward radio replacement.

**Operating Budget Impact:** The annual reserve set aside allows an even impact on the budget.

**Financial Projections:**

	Prior	FY15	FY16	FY17	FY18	FY19	FY20	FY21

## Town of Madbury, New Hampshire 2015-2021 Capital Item/Project Review

**Project Title:** Grounds Maintenance Equipment Capital Reserve

**Department:** Maintenance **Location:** various

**Description:**

This Capital Reserve was established by Article 4 at the March 13, 2012 Town Meeting for the purpose of purchasing grounds maintenance equipment; the Board of Selectmen were named as agents to expend from the fund. The capital reserve is held by the Trustees of Trust Funds.

**Rationale:**

Periodic replacement of this equipment is required when maintenance repairs become too costly. With the shift from volunteers to parttime staffing to complete the increased field maintenance the need for a utility vehicle to transport people and equipment between facilities has become apparent in the last couple of years. Currently consideration is being given to options including budgeting of the purchase of a new or used vehicle or procurement of a surplus vehicle. This capital reserve is projecting the need for replacing the Lx188 Lawn Tractor in the next couple years the second field machine in 4-5 years.

**Operating Budget Impact:** The annual reserve set aside allows an even impact on the budget.

**Financial Projections:**

	Prior	FY15	FY16	FY17	FY18	FY19	FY20	FY21

**Town of Madbury, New Hampshire  
2015-2021 Capital Item/Project Review**

**Project Title:** Road Repair and Maintenance

**Department:** Administration **Location:** various

**Description:**  
The Town has historically included funding in the annual budget to cover snow plowing, road side mowing and brush maintenance, line painting and signage as well as maintaining a program of general repairs including resurfacing to maintain the integrity of the Town’s roadway infrastructure. The Board of Selectmen currently act as the Town’s Road Agent.

**Rationale:**  
On the page opposite is presented an inventory of town roads. Current year major projects included Perkins & Pendexter Roads and French Cross Rd. Projects currently on the horizon include Moss Lane, Fern Way and looking further in the future work on Hayes Rd will be a focus.

**Operating Budget Impact:**  
The consistent inclusion in the budget and continual diligence of the Board of Selectmen in completing projects assures that the Town will not find itself in a position facing multiple large project expenditures in years to come.

**Financial Projections:**

	Prior	FY15	FY16	FY17	FY18	FY19	FY20	FY21
--	-------	------	------	------	------	------	------	------

**Expenditures:**

**Town of Madbury, New Hampshire  
2015-2021 Capital Item/Project Review**

**Project Title:** Hayes Road Reconstruction Capital Reserve (NEW)

**Department:** Administration                      **Location:** Hayes Road

**Description:**

Major reconstruction and paving of the length of Hayes Road will be necessary. Hayes Road is the longest road in the town and is very heavily traveled. The scope of this project is beyond the normal annual road budget.

**Rationale:**

By setting aside funds in the next few years to supplement the normal budget the Hayes project can be prepared for without the additional cost of outside financing and maintain a level tax impact.

**Operating Budget Impact:**

**Financial Projections:**

	Prior	FY15	FY16	FY17	FY18	FY19	FY20	FY21

## Town of Madbury, New Hampshire 2015-2021 Capital Item/Project Review

**Project Title:** Bridge Repair and Maintenance Capital Reserve

**Department:** Administration

**Location:** various

**Description:**

This Capital Reserve was established by Article 5 at the March 12, 2013 Town Meeting for the purpose of repairing and maintaining town bridges; the Board of Selectmen were named as agents to expend from the fund. The capital reserve is held by the Trustees of Trust Funds.

**Rationale:**

In 2012, following the State of NH closing of a bridge on Nute Road, a temporary bridge was put in place with a life expectancy of 12-15 years. Design and construction plans will be made in the coming years for a permanent replacement to coincide with State Bridge Aid Funds which are being applied for. This capital reserve will provide for this project and assist in preparations for other future replacements. The inventory on the opposite page continues to be developed to provide more comprehensive information regarding location and condition. Many of the smaller culverts the town is responsible for will be maintained from the operating budget.

**Operating Budget Impact:** The consistent inclusion in the budget and continual diligence of the Board of Selectmen in completing projects assures that the Town will not find itself in a position facing multiple large project expenditures in years to come.

**Financial Projections:**

	Prior	FY15	FY16	FY17	FY18	FY19	FY20	FY21
--	-------	------	------	------	------	------	------	------

**Expenditures:**

predesign								
design			100,000.00					
construction		5,000.00						640,000.00
property acquisition								
equipment acquis								

**Funding:**

operating budget								23,000.00
capital reserve	25,003.35	15,000.00	15,000.00	15,000.00	15,000.00	15,000.00	15,000.00	15,000.00
federal								
state			80,000.00					512,000.00
bond								
other								

<b>Total Net Funds</b>	25,003.35	35,003.35	30,003.35	45,003.35	60,003.35	75,003.35	90,003.35	3.35
------------------------	-----------	-----------	-----------	-----------	-----------	-----------	-----------	------

If the Town finds it necessary to acquire, house and maintain equipment to be utilized for road and property maintenance some consideration will need to be given to the following items (used prices from CIPs of other municipalities to get discussion going)

Steel Insulated Building	100,000
2 dump trucks with plows	280,000
a 1/2 ton pickup truck	18,000
a front end loader	250,000
a backhoe	150,000
smaller tools (ie. wrenches, shovels, chainsaws, aircompressor)	2,000
 	<hr/>
Total Initial Setup Estimate	800,000

This assumes continued use of contractors for road sweeping, line painting, aerial tree removal estimated at \$15,000 per year. Additionally personnel costs would be added to the yearly operational budget estimated at \$85,000 per year.

## Town of Madbury, New Hampshire 2015-2021 Capital Item/Project Review

**Project Title:** Public Works Building & Equipment

**Department:** Administration

**Location:** to be determined

**Description:**

The Town does not currently have a public works shed. It has historically contracted out work such as snow plowing, road side mowing, sweeping etc. but a time in the future may require a place to house such equipment for the Town.

**Rationale:**

Something to discuss and plan ahead for if needed. Some mention has been made of the property on Pudding Hill Rd where the Transfer Station is located being a possible location for this type of facility.

**Operating Budget Impact:** Operational cost of maintaining equipment and staffing requirements would need to be determined.

### Financial Projections:

Prior	FY15	FY16	FY17	FY18	FY19	FY20	FY21
-------	------	------	------	------	------	------	------

<b>Total Net Funds</b>	-	-	-	25,000.00	50,000.00	75,000.00	100,000.00	125,000.00
------------------------	---	---	---	-----------	-----------	-----------	------------	------------

**Rationale:**

Madbury Public Library is where “our community comes together.” Since it was founded in 2001, the Library has become an important and integral part of our town. Our experienced, professional staff and volunteers have created a first class library with a wide variety of programs and activities for patrons of all ages. In 2014, there were over 5,500 visits to the library and the collection numbers over 14,000 books, audio books and DVD’s. The current building has reached its limit in what can be offered within the constraints of the physical plant.

The new library building project is intended to be a public-private partnership. In February, 2014, Trustees and Friends of the Library formed a Development Committee and began to increase fund raising efforts for the Library’s current and long term needs. Reaching out to all residents, the annual giving drive has resulted in a 675% increase in annual gifts.

In February, 2015, a Capital Campaign Steering Committee was formed consisting of Library Trustees, Friends, Staff, Selectmen and community members. The Committee quickly determined that in order to begin to reach out to potential donors, a building design and accurate cost estimate would be needed.

A Request for Qualifications was widely distributed to architectural firms. From the many responses, four firms were chosen to receive a Request for Proposal. These firms will develop project proposals with estimated cost projections and will present their proposal to the Committee. By late September, 2015, one firm will be selected to develop a complete building program. The Selectmen have approved use of Capital Reserve Funds for this phase of the project.

Estimation of future financial projections will depend on several factors. These include: completion of the design phase with an accurate cost estimate; the success of the Capital Campaign; and exploration and application for various grants and funding opportunities.

## Town of Madbury, New Hampshire 2015-2021 Capital Item/Project Review

**Project Title:** Library Building Capital Reserve

**Department:** Library

**Location:** Town Hall Road

**Description:**

This Capital Reserve was established by Article 9 at the March 12, 2002 Town Meeting for the purpose of a Library Building Fund and names the Board of Selectmen as agents to expend from the fund. The capital reserve is held by the Trustees of the Trust Funds.

**Rationale:**

Please refer to the attached narrative for further information.

**Operating Budget Impact:**

**Financial Projections:**

	Prior	FY15	FY16	FY17	FY18	FY19	FY20	FY21

**Town of Madbury, New Hampshire  
2015-2021 Capital Item/Project Review**

**Project Title:** Recreational Facilities Capital Reserve  
**Department:** Parks & Recreation                      **Location:** various

**Description:**  
 This Capital Reserve was established by Article 5 at the March 9, 2010 Town Meeting for the purpose of planning and development of recreational facilities within the town; the Board of Selectmen were named as agents to expend from the fund. The capital reserve is held by the Trustees of Trust Funds.

**Rationale:**  
 Currently funding is planned to be used to develop fitness trails at the Tibbetts Field facility in two phases. The first phase consisting of a half a mile of walking trail is being completed this year with fitness stations added next year. Future needs including trail maintenance on the property in back of Town Hall as well as newly acquired property off of Cherry Lane will be able to be assessed and addressed as needed.

**Operating Budget Impact:**  
 The annual reserve set aside allows a more evenly distributed budgetary impact as community needs are identified.

**Financial Projections:**

## Town of Madbury, New Hampshire 2015-2021 Capital Item/Project Review

**Project Title:** Iafolla Reclamation Capital Reserve

**Department:** Administration

**Location:** Old Stage Rd

**Description:**

This Capital Reserve was established by Article 4 at the March 9, 2010 Town Meeting for the purpose of reclamation of land purchased by the Town from the Estate of Michael Iafolla; the Board of Selectmen were named as agents to expend from the fund. The capital reserve is held by the Trustees of Trust Funds.

**Rationale:**

Madbury citizens voted on Article 4 of the 2005 Annual Town Meeting authorizing purchase the G&R Associates property on Tax Map 3 Lot 6. Discussion in the meeting spoke of the adjoining 90 acre parcel licensed by the State of NH for hydro-mining by Pike Industries and that a 1988 approved plan shows that, when exhausted in 10-20 years, the result will be a 60-70 acre pond of 40' depth. Michael Iafolla the principal of G&R died before the final installment payment was made on the 25 acre parcel. The Town settled with the estate and received \$15,000 from the Estate to complete the reclamation of the gravel pit (which had been an obligation of Iafolla's in the sale). The Town will begin the reclamation process in the coming year as future plans for the property remain to be developed.

**Operating Budget Impact:**

The annual reserve set aside allows a more evenly distributed budgetary impact as the project is further defined and developed.

**Financial Projections:**

Prior	FY15	FY16	FY17	FY18	FY19	FY20	FY21
