

## Madbury Master Plan Survey March, 2014

Our community Master Plan is an important document that sets a direction for future growth in Madbury. One way for the Planning Board to measure our citizens' attitudes about the town is to conduct a community survey. We last conducted a community survey in 2000 as part of the 2002 Master Plan Update. The Planning Board would appreciate your responses to the following questions as they seek to revise the town's Master Plan. Your input on the following survey is very important to us and will help guide our efforts as we update the current Master Plan. We encourage you to complete this survey and place it into one of our collection boxes located in the Town Hall.

### What is Important to You?
