| Newspaper notices: | [] | Application reviewed: | [] |
| Application Fee: | Amount \$_____ | Received | [] |

General Approval Criteria for all CUPs (Zoning Ordinances, Article IV, Section 9)

- ___ 1. Is the site is suitable for the proposed use? Considerations include:
 - ___ a. Adequate vehicular and pedestrian access for the intended use.
 - ___ b. Adequate public services to serve the intended use including emergency services, schools, and other municipal services.
 - ___ c. The absence of environmental constraints (e.g., floodplains, steep slopes).
 - ___ d. Appropriate utilities to serve the intended use (e.g., water, sewage disposal, storm water disposal, electricity, utilities).

- ___ 2. External impacts:
 - ___ a. Are impacts on abutting properties and the neighborhood no greater than impacts of adjacent existing uses permitted in the zone? (Include traffic, noise, odors, vibrations, dust, fumes, hours of operation, and external lighting glare.)
 - ___ b. Does the location, design, nature and intensity of the use not have an adverse effect on the surrounding environment?

- ___ 3. Character of the site development:
 - ___ a. Is the proposed layout and design compatible with the established character of the neighborhood?
 - ___ b. Does the proposed layout and design mitigate any external impacts of the use on the neighborhood?

- ___ 4. Does the proposed use including all related development activities shall preserve identified natural, cultural, historic, and scenic resources on the site and shall not degrade such resources identified on abutting properties.
