Jack Mettee

*Guests in Attendance*

Chuck Goss

Bob Sterndale

Bob Sterndale outlined the conditional use permit (CUP) as his recommendation for regulating agritourism activities. The CUP describes the limits of a “use” rather than a site.

Jack Mettee outlined the site plan review (SPR) as his recommendation for regulating agritourism activities. The SPR describes the limits of a site rather than a “use”.

After much discussion, Jack Mettee volunteered to produce some language to describe “Permitted, Prohibited and Limited and Regulated” uses for agritourism.

Respectively Submitted,

Fritz Green
