## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

Somersworth, N. H.  
February 1, 1930

TO THE SCHOOL BOARD AND CITIZENS OF MADBURY:—

Last July the State Board of Education reorganized several supervisory unions and the present union of which your district is a member, consists of Somersworth, Durham, Rollinsford and Madbury and is known as Supervisory Union No. 56.

The opening of schools in September found both teachers and superintendent unacquainted with conditions but with both school houses filled to capacity. Miss Mary M. Daley had 25 pupils at the Center School with all grades represented, 4 being in the 8th grade. Miss Eleanor Redden at the North School had 24 pupils in all grades with one in grade 8. The schools were well equipped with desks, books and maps and with jacketed stoves. The sanitary conditions were not good and the janitor service has been poor because it has been done by pupil janitors paid seventy-five cents a week. Pupils have often suffered from cold. The school nurse, Miss Ina M. Marden, has cooperated to help make the buildings and pupils clean, and has helped the teachers to start hot lunches. The Ladies Aid of Madbury, the Women's Guild, and the Woman's Club of Durham have each contributed money to help pay the expenses of the lunches, and our debt is here acknowledged.

The attendance so far at the Center School has been as good as that of any school in this union, but the North

School has had very poor attendance. Much of the absence has been caused by sickness, in the home or among the pupils. On my last visit I found 12 pupils present and 11 absent. I feel that the attendance could be better and would be better, if the parents concerned only realized how much irregular attendance hindered the proper advancement of the pupils.

What we should do at Madbury Center, if more pupils asked to enter, is a problem. The logical thing, in my opinion, is to build a new two room building, centrally located, and to transport pupils thereto. I understand that this has been advocated before and voted down by the district. Another solution would be to send the 8th grade pupils to Dover or elsewhere where they could get a better preparation for high school.

Both of your teachers are Normal School graduates with experience and are doing good work. They have gained the good will of the pupils and it is a pleasure to see them all at work. It is hardly possible, however, for them to do their best work under present conditions. There are three other one teacher rural schools in this supervisory union and tests which I have given to all show that the pupils in those schools are nearer to the grade standard than are the pupils of Madbury. One reason for this is that the teachers in those schools are given increases in salary and retained when they have been successful. Another reason is that the 8th grade pupils are removed to other schools.

Madbury may think that the cost of her schools is high but in comparison with the median of the State for 1928-29, as published by the State Board of Education, it is not. The State Median is \$83.35 per pupil and Madbury's cost is \$71.27. Of the 244 school districts 163 pay more per pupil than Madbury. If your schools are to maintain a satisfactory standard and your pupils enter high school properly prepared, more money must

be paid your teachers and repairs made to your buildings.

The records for the year ending July 1, 1929 give the following statistics:

Average number of days schools in session 177, which was satisfactory.

Different pupils enrolled .....	50
The number of tardy marks.....	56
Per cent of attendance.....	92, which
is low.	
Visits of the Superintendent.....	52
Visits of the School Nurse.....	40

Good community spirit was shown at the union Christmas tree exercises. We all, superintendent, nurse, and teachers, feel that we are having the support of the school board and a patient public in our efforts for good schools.

Respectfully submitted,

HOWARD L. WINSLOW.

## BIRTHS, MARRIAGES AND DEATHS

---

### BIRTHS

April 24, 1929

Leona May York—daughter of Elmore O. York and Florence R. Bridges.

October 30, 1929

Lewis Charles Norman—son of Lewis Norman and Dorothy Dodge.

May 22, 1929

Barbara V. Hanscom—daughter of Samuel J. Hanscom and Ida A. Custeau.

August 9, 1929

Roy Stanley Perkins—son of Charles E. Perkins and Helen C. Abom.

## DEATHS

May 28, 1929

Mary L. Norman—daughter of Hiram A. Nichols and Sarah McIntire. Aged 65 years, 5 months and 10 days.

June 19, 1929

Laban M. Emerson—son of Solomon Emerson and Elizabeth Pinkham. Aged 84 years, 1 month and 12 days.

December 19, 1929

Charles Lewis Norman—son of Lewis Norman and Dorothy Dodge. Aged 1 month and 19 days.

January 8, 1930

Amanda F. Clark—daughter of Stephen Berry and Elizabeth Ricker. Aged 80 years, 2 months and 1 day.

---

LABAN M. EMERSON

The town has met with the loss of a venerable and valued citizen in the death of Mr. Emerson. He was born in Madbury May 7, 1845, the son of Solomon D. Emerson and Elizabeth Pinkham, and lived his entire life of eight-four years on his birthplace. The record of so long a life thus spent in service to his family and the town is well worth noting, and too much praise cannot be given to one, who, amid the quiet scenes and duties of the farm and surrounding country, could for such a period keep the even tenor of his ways, standing firm in the faith that makes for righteousness, doing many deeds of kindness to neighbors and fellow townsmen, and never failing to respond generously to all appeals of charity and a worthy cause.

During the years, as his life's interests naturally increased, he kept in touch with all the advance movements

of the day, profiting by all the changes which his judgment pronounced good. His passing was like the setting of the sun at the close of a "Perfect day".

Mr. Emerson was descended from a line of ancestors in the famous Emerson family, and can trace his special branch back to the pioneer, Michael Emerson, who came to America in 1650. Michael was the son of Thomas Emerson of Cadny, England, where records show of his baptism and burial, and whose will is still extant. On the side of Mr. Emerson's mother, the Pinkham family descended from one Richard Pinckhame of the Dover combination of 1640 who had a grant of land on Great Bay sometime previous to June 30, 1659.

Another ancestor in direct line was also noted for pioneer work, being Daniel Pinkham who settled a section of the White Mountains and for whom Pinkham's Notch is named.

Mr. Emerson married Electa A. Lane of Lee, N. H., who was the daughter of Alexander Lane and Mary J. Snell, the latter a descendant of Thomas Snell, one of the early settlers of New-town, a part of Lee.

There were three children of this union of whom Mrs. Rosa A. Emerson Hayes, and Albert D. Emerson are residents of Madbury.
