STATE OF NEW HAMPSHIRE

FORESTRY AND RECREATION DEPARTMENT, CONCORD

JANUARY 23, 1939.

TO ALL BOARDS OF SELECTMEN:

I respectfully request you to publish in the forthcoming Annual Town Reports the statement appearing below, or one of your own which might bring the subject matter nearer home.

The timber salvage and fire control problems created in many towns by the hurricane are well known to you, as well as the efforts being made to reduce present and future losses. Public agencies are doing everything possible but **INDIVIDUALS MUST BE AROUSED TO HELP!**

I thank you for any cooperation of this kind which you may feel able to give.

JOHN H. FOSTER,

State Forester.

GRAVE FOREST SITUATION FOLLOWS SEPTEMBER HURRICANE

Woodland problems of timber salvage and fire control created in many towns by the September hurricane are of the greatest importance. **GOOD CITIZENSHIP CALLS FOR PERSONAL AND WIDESPREAD ACTION!**

The salvage of every thousand feet of logs which can be sold means money for landowners, wages for workers, employment for trucks, teams and machinery, as well as reduced forest fire hazard for all. If owners of wind thrown timber have not yet acted, they should communicate with those who can help. TOWN CHAIRMEN are fully informed; STATE ADVISORY AGENTS can help to start

logging by suggesting names of operators and giving other useful advice; FEDERAL AGENCIES are increasing the number of log storage places as rapidly as possible. INDIVIDUALS MUST NOW COOPERATE!

Forest fire danger for several years will be greater than usual. So much work must be done by public agencies to reduce hazard along roadsides, near improved and other exposed areas that many places will remain hazardous for some time to come. INDIVIDUAL LANDOWNERS MUST TAKE A PERSONAL INTEREST! Aid in clean-up work through the Agricultural Conservation Program is available to any woodland owner at \$4.00 per acre on areas up to 15 acres. The County Agent should be consulted.

Support your local Forest Fire Wardens and Deputies. They are planning, with State and Federal agencies, an intensive campaign to control fires. Help them by strict observance of the fire laws. Kindle no open fires without a permit from the Warden except when the ground is covered with snow. Cooperate by reporting fires you may see and in other ways. Fire fighting tool supplies are inadequate and should be reasonably increased by many towns. YOU CAN HELP, AND IT WILL PAY, TO PREVENT FOREST FIRES!

REPORT OF THE SUPERINTENDENT OF SCHOOLS IN MADBURY, N. H.

TO THE SCHOOL BOARD AND CITIZENS OF MADBURY:

This is my 10th annual report. The statistics are for the school year ending June 30, 1938.

From the comparative statistics you will note a slight falling off in the total enrollment. The number attending Dover High School is the same this year as last, 14.

The attendance has been very good with no epidemics. We have a truant officer to comply with the Law but I doubt if the pupils even know his name. The number of tardy marks last year was more than doubled, spoiling a fine record of the year before.

Miss Beatrice Gerrish was released to Durham and Mrs. Mabel Thomas of Dover succeeded her at the Center School. The building here has been much improved by having the ceiling insulated and an automatic stoker installed. The stoker is proving very satisfactory. Thanks are due to Colonel Edward Putney, who loaned the stoker to the School District, helped install it, and also directed the insulation at small expense to the School District. The matter of supplying drinking water to both schools is still a problem that has to be solved by the pupils acting as carriers.

Miss Macdonald continues as our efficient school nurse. She will again hold a Dental Clinic. Parents have given her, as well as the teachers, splendid cooperation.

As I write these words, the pupils are taking the Metropolitan Achievement Tests, given at the middle of the year Union No. 56. Last year the standing of the Madbury schools was very creditable. In June the eighth grade pu-

pils will be given the Standard Graduation tests to help us to determine the fitness of our graduates to do high school work.

I recommend the screening of the Center School next summer, since the screening of the North School has improved conditions there. Any spare money could be spent to advantage on both school yards but I am not advocating the expenditure of very much money, as the time must soon come when the schools of Madbury should be consolidated as are those of Durham, Rollinsford and Barrington.

Our thanks are given to the School Board for continued support of superintendent and teachers.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent of Schools.

REPORT OF SCHOOL NURSE

TO MEMBERS OF THE SCHOOL BOARD AND SUPERINTENDENT
OF SCHOOLS IN MADBURY:

Number of pupils examined, 41; communicable diseases, 0. Defects—Teeth, 3; tonsils, 4; unvaccinated, 2; vision, 2; with defective vision were wearing glasses entering school September. Excluded, 0.

Defects corrected—23 pupils corrected at Dental Clinic held at Madbury Town Hall, May 10-11, 1938, sponsored by Men's Club, Grange, and Red Cross. To these people I wish to express my sincere thanks and appreciation.

We hope to have a dental clinic May 1939.

Respectfully submitted,

MARGARET MACDONALD, R. N.

School Nurse.
