E. P. CAMPBELL,
STELLA P. WENTWORTH,
C. G. FELKER,

School Board

Madbury, N. H., January 27, 1942

REPORT OF SUPERINTENDENT OF SCHOOLS IN MADBURY, N. H.

To the School Board and Citizens of Madbury:

I have the honor to submit my thirteenth annual report, accompanied by the report of the School Nurse, Miss Margaret Macdonald of Newmarket.

As usual the statistics cover the school year ending in June, 1940. A table of Comparative Statistics for ten years is given, the names of those perfect in attendance and those of pupils attending Dover High School this year. The rate of tuition charged by Dover this year is \$80.99 (the State average).

No changes have been made in teachers and the good work done in the past is being continued. Both teachers do their best and their professional qualifications continue to improve. Miss Boucher attended New Hampshire University Summer School session and is completing a 20 hour lecture course in Remedial Reading being given by Dr. Donald Durrell of Boston University. She is also qualifying as a First Aid Instructor for the Red Cross. The teachers have attended the Rural Institute held for such teachers the meeting of the County Teachers' Association and the Teachers' Association of this Union.

The enrollment of the Center School at the time of this writing is 16. It having dropped from 24 in September. The North School enrolls 35. One family moved from the District late in the fall and this has simplified the transportation. The only transportation now being from the Durham-Dover road to the Center School. Most of the pupils living on this road go to Durham, the parents paying the tuition and furnishing the transportation.

Surplus Products are again being furnished and both schools have supervised hot lunches for those remaining at the school during the noon hour. The problems of furnishing water at both schools is still unsolved.

I am pleased to write that the School Board have installed sanitary toilets at the North School and built an entry way at the Center School. The Center is now the only school building in my Union with toilets that are not of a type approved by the State Department of Education.

We used the Metropolitan tests again last year and the same type will be given this year.

The State Police are also fingerprinting school children and it is hoped that we can have the pupils of Madbury included.

We are pleased to note the continued interest taken by the Grange and Men's Club. War conditions are affecting schools and it is hoped that the people will still trust those having control to do their utmost to safeguard their charges. Financial support must not be withdrawn as the schools are a necessity in the arsenal of democracy.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent.

HARRY WENTWORTH

On July 12, 1941 Harry Wentworth passed away at the hospital in Portland, Maine, the result of a severe accident.

Mr. Wentworth was born at So. Berwick, Maine, the son of Bradford and Hannah (Goodwin) Wentworth on March 10, 1881, and lived there all of his early life.

In 1907 he married Stella Proctor of Madbury. His occupation as railroad engineer for a period of 37 years necessitated making their home in various localities but about 1935 he and Mrs. Wentworth came back to Madbury and built their home here.

Mr. Wentworth was a member of the Libanus Lodge, A. F. and M., the Brotherhood of F. L. and E., also Madbury Grange. His untimely death was a shock to the entire community.
