LORETTA J. MORROW,

School Board

Madbury, N. H., February 16, 1943

REPORT OF SUPERINTENDENT OF SCHOOLS IN MADBURY, N. H.

To the School Board and Citizens of Madbury:

I respectfully submit an annual report, which is the 14th to be made by me.

The report of the School Nurse, Miss Margaret Macdonald of Newmarket is also included.

Since the school year ends on June 30 the Financial Report covers the school year 1941-1942.

The School Board estimate is given for the School year 1943-1944.

You will note that practically all of the graduates from the eighth grade enter Dover High School and that this year there are 18 attending. See list.

The rate of tuition charged is the State Average, \$89.79, an increase of \$9.80 over the rate of last year.

At the close of school in June both teachers resigned and great difficulty was found in replacing them. Teachers, as such, are not granted extra gasoline and had it not been for local married women available replacements would probably have been very difficult. Mrs. Edna Ordway, of Dover, was secured for the North School, but owing to illness was not able to begin work in September and Mrs. Jeanne W. Bennett of Dover kindly consented to substitute for her and we are grateful for that help.

Mrs. Pearl Colby of Dover applied for the Center School but was forced to relinquish the position, due to transportation difficulties. Your fellow townswoman Mrs. Mina M. Sanders completed the fall term and Mrs. Clarence Metcalf will complete the year. Everyone of

these teachers has done good work and your schools have been fortunate.

The enrollment of the two schools this year is about equal as you will note from the Table of Statistics.

One pupil was transported for a part of the fall term, but left town on November first, and no further transportation was necessary. The pupils living on the Dover-Durham Road are attending school at Durham, all at the expense of the parents. Tuition for one elementary school pupil is paid in Durham, this pupil living on the Durham-Portsmouth Road.

Surplus Products are still coming to the schools and Mrs. Sanders did an excellent job in providing hot lunches at the Center School. Parents were very cooperative. These lunches will continue at both schools through the winter.

The war is affecting all schools and their costs must increase. Your teachers will have to receive more salary next year in order to meet competition. Supplies will cost a little more but we have tried to keep ahead of the market. Many items cannot be secured but the essentials will not be lacking.

The nurse and teachers are closely guarding the pupils, watching out to guard against contagion.

Extensive repairs will not be necessary at either school next summer, although the water supply question still remains unsettled.

Thanks are due to Col. Ed. L. Putney for presenting a radio and a raidoptican to each school.

Both years the teachers have helped the war effort by rationing Sugar and Gas last May. Gas again in July and Fuel Oil in October. All this entailed personal sacrifice and was done without loss of school time. The schools helped in the scrap drives and are buying stamps and bonds.

Teachers institutes have been curtailed. The State Teachers' Association abandoned its annual meeting and held regional meetings, one of which was held at the University of New Hampshire. Your teachers were in attendance. The Superintendent has held no Union meeting this year owing to transportation restrictions.

The time that your superintendent can this year devote to close supervision in all his schools has been reduced because of war conditions. He has more Defense Courses, in addition to his other duties, than any other superintendent in the State and several of these are in Durham eleven miles from the office in Somersworth.

Your School Board has held regular meetings and given freely of their time. They make the rules and regulations and your Superintendent sees that they are carried out. It is a pleasure to work with a Board that supports both teachers and superintendent.

Our "legislative department" is not divided by politics. The public has been very patient with us all, realizing as they must, that even schools cannot go on "as usual" in these troublesome times.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent of Supervisory
Union No. 56
