Trustees.

This is to certify that we, the undersigned have audited the books of the officers of the Town of Madbury, for the year ending December 31, 1960 and find them correct to the best of our knowledge.

CHARLES JENNISON,
HENRY CORROW,

Auditors.

FIRE DEPARTMENT REPORT

To the Citizens of Madbury:

Your Fire Department continued to improve through 1960.

The Fire station was remodeled on a plan that was considered more economical than the one proposed at the last town meeting. It was decided to house both trucks in the present building. All alterations were done with Fire Department funds, leaving the Building appropriation intact.

It is expected the Fire Department will make another proposal for improvement of the Fire station at Town Meeting.

The equipment is in good operating condition. The only improvement is the continued addition of 1½ inch hose.

Our greatest loss and only building fire was the Clement house. In all other fires, losses were very slight.

Grass, forest, and debris fires continue to be most frequent, with careless disposal of smoking materials, and careless debris burning the causes. The advent of modern heating and cooking appliances, while doing away with hazards, such as chimney fires, etc., has created new hazards with the use of electrical circuits and volatile fuels. Good maintenance and careful operation can keep danger at a minimum.
