ANNUAL REPORTS

of the

Town Officers

of the

TOWN OF MADBURY

for the fiscal year ending

December 31, 1991

RIDINGS PRESS, INC.
DOVER, N.H.

DEDICATION

WILLIAM H. MORONG, JR.
June 3, 1923 - September 19, 1991

Bill Morong and his family moved to Madbury from South Berwick, Maine in 1964. A quiet civic-minded man, Bill became involved in town planning and many special town committees. His services to the Town of Madbury were numerous. Some of these were: Moderator for the Madbury Water District, Chairman of the Landfill and Recycling Committes, Representative for the Town of Madbury on the Citizens' Task Force for the East/West Highway, and a Charter Member and Secretary of the Madbury Historical Society. Bill was a life-long scholar with a wide variety of interests including family genealogy, the sea and boating, history, youth organizations, his family, and the Town of Madbury.

This dedication reflects Madbury's deep appreciation of his contributions.

RAMCHANDRA MOENNSAD, Commissioner

RECORD OF TOWN MEETING
March 12, 1991

The Annual Town Meeting of the Town of Madbury, County of Strafford, and the State of New Hampshire, was called to order promptly at 1:00 P.M. by Moderator Robert E. Houston, Jr. The Warrant was read and certified to posting. The polls were declared open. The following Ballot Clerks were sworn in by the Moderator:

Mary Ellen Duffy	Muriel Rogers
Diane C. Hodgson	Carleton Wentworth
Rita Printy	

Moderator Houston called the evening session of the meeting to order at 7:30 P.M. He asked everyone to stand for a moment of silence for the two Madbury residents who had passed away during 1990: Hugh M. Potter, III and Joseph G. Carr. The Moderator read the entire Warrant again, this time to approximately 85 people assembled in the Town Hall.

ARTICLE 1. The following Town Officers were elected by ballot:

Selectman for the ensuing three years	Joseph B. Moriarty
Treasurer for the ensuing year	John W. Printy
Trustee of Trust Funds for the ensuing three years	Georgia G. Drew
Supervisor of the Checklist for the ensuing three years	Eileen R. Corrow
Auditors for the ensuing year . . .	Barbara Houston and Betsy J. Booth

ARTICLE 2. Richard Burkholder moved and Woody Fraser seconded the motion to authorize the Selectmen to choose and appoint all other Town Officers. There being no discussion. A vote was taken. PASSED

ARTICLE 3. It was moved by Lorraine Morong and seconded by Robert Wilson to authorize the Selectmen to borrow monies in anticipation of taxes. Selectman Moriarty explained the need to borrow money to finance the Town's expenses from March until taxes come in again. He reminded everyone that this year the Town will be collecting taxes semi-annually for the first time. Taxpayers should expect their first bill sometime around the first of June, due July first. For most people this bill will be half of the bill they paid last December. The second (final) bill will be due December first. With no further discussion, a vote was taken. PASSED

ARTICLE 4. Selectman Moriarty moved and Donald Melvin seconded the article to raise and appropriate the amount of ten thousand dollars (\$10,000.00) for the existing Capital Reserve Fund created in Article 8 at the 1988 Town Meeting for the acquisition of land for a

cemetery, and, further, to authorize the Selectmen to act as agents to withdraw and expend from this Capital Reserve Fund. Mr. Moriarty explained that there is \$43,253.42 plus a bit more interest in the Fund at this time. We are getting closer to an amount that might actually purchase a piece of property for a cemetery. PASSED

- ARTICLE 5. Selectman Hodsdon moved and Peg Wolcott seconded the Article to raise and appropriate the amount of thirty thousand dollars (\$30,000.00) for this existing Capital Reserve Fund created in Article 5 at the 1990 Town Meeting for the purpose of DeMerritt Park Improvements and further to authorize the Selectmen to act as agents to withdraw and expend from this Capital Reserve Fund. Mr. Hodsdon spoke to this Article, showing the current plan and explaining that there is a high participation of Madbury children in the ORYA sports that utilize these fields. The Oyster River Youth Association (ORYA) needs more soccer fields and better baseball diamonds. Madbury's Selectmen feel that now is a good time to improve these fields. "We could get a better bang for our buck". Selectmen also pointed out that this park improvement is following Madbury's Master Plan and Capital Improvement Plan for 1991. Also the Town portion of the tax rate should not change from last year if this Article is accepted.

A thirty-five minute discussion on this Article continued. The Moderator received a written request of five registered voters for a secret ballot on this Article. A "YES"/"NO" ballot vote followed.

YES - 60

NO - 26

PASSED

- ARTICLE 6. Selectman Moriarty moved and Richard Erickson seconded the Article to raise and appropriate the sum of five thousand dollars (\$5,000.00) to create a Capital Reserve fund for the purpose of the Revaluation of Properties in the Town of Madbury and further to authorize the Selectmen to act as agents to withdraw and expend from this Capital Reserve Fund. Mr. Moriarty said that the Board wants to begin putting money aside for the task and to alert residents that indeed a revaluation needs to be done in the near future. He said that since the real estate market is so unstable right now that it would be best if we wait a year or so. Possibly we could set some money aside this year, raise the balance needed to have the job done in 1992 and have the revaluation become effective April 1993. There were no questions or comments. A vote was taken. PASSED

- ARTICLE 7. Selectman Houghton moved and Joan Hartford seconded the Article to raise and appropriate the sum of three hundred dollars (\$300.00) to contribute to Strafford County Community Action Committee, Inc., a service agency for emergency assistance of food and fuel for individuals and families of Strafford County. Mr. Houghton explain-

ed that this was a new request for Madbury and that such requests are always put to the voters as a separate warrant item. Richard Hayes from Strafford County Community Action Committee, Inc. said that his agency has been in business since 1965 and that they have given fuel assistance, food, clothing distribution and home weatherization help here in Madbury in 1990. A vote was taken.

PASSED

- ARTICLE 8. It was moved by Selectman Moriarty and seconded by Donald Begley to adopt the Proposed Budget as amended by the previously adopted Article 7 for the current year 1991. The original posted Budget was \$532,868.00 with one addition of \$300.00. Selectmen fielded several questions regarding budget line items. The Amended Budget voted on was: \$533,168.00. PASSED

- ARTICLE 9. Craig Seaver moved and Suzanne Watson seconded the Article to retain the unexpended portion of the 1991 Conservation Commission Appropriation, said monies to be placed in the Madbury Conservation Fund. After answering a few questions from voters, Mr. Seaver urged everyone to vote for this Article which must be voted on each year by state statute. A vote was taken. PASSED

- ARTICLE 10. It was moved by Selectman Moriarty and seconded by Richard Burkholder to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other governmental unit or private source, which may become available during the fiscal year in accordance with the procedures set forth in RSA 31:95-b. There being no questions or comments a vote was taken. PASSED

- ARTICLE 11. Selectman Houghton moved and Donald Begley seconded the Article to authorize the Selectmen to convey any real estate acquired by the Town by Tax Collector's Deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80. Selectman Houghton explained that the Municipal Association advised this article to be placed on all Town Warrants this year since the economy shows more and more properties are in jeopardy of being taken by Tax Collector deeds due to nonpayment of property taxes. No further discussion. A vote was taken. PASSED

- ARTICLE 12. There were no reports of any Committees that wished to speak to the assembled voters.

- ARTICLE 13. Lorraine Morong offered the following resolution:
"BE IT RESOLVED, that the voters of the Town of Madbury here-

by express their desire that its zoning ordinances should be upheld by town agencies just as they must be upheld by individuals.

Should there arise a proposal which would involve circumventing this expressed desire, the Town Officials so doing will bring the proposal to the Town Meeting for its consideration."

Eileen Corrow seconded the motion to pass this resolution. Discussion followed with a hand vote taken - YES - 20 NO - 54
NOT PASSED

State Senator Jeanne Shaheen presented an update to residents concerning the possible construction of an east-west highway through the northwest corner of Madbury. She said the finalized proposed route is slated for 1992, subject to change, of course.

The last item of business that came before the Town was Selectman Houghton's reading of a prepared statement alerting residents to Madbury's potential responsibility/liability of the site cleanup costs of Dover's Tolend Road Landfill which is on the federal Superfund list of high priority cleanup. He said that without specific plans adopted by the EPA and without allocation of responsibility among the potentially responsible parties, it is premature to speculate on the Town's exposure. "The Selectmen have, however, charged town counsel to assure that the Town's overall costs be minimized, and to make clear to all participating in any negotiated settlement with the EPA, that any sharing by the Town in the cost of remediation must be authorized by vote of general or special Town Meeting." Finally, Mr. Houghton announced that this subject will be discussed openly at Selectmen's meetings as information is made available.

With no other business to be brought up at this time, the meeting was adjourned at 9:37 P.M., in order to count ballots. Ballots were counted, and the meeting officially adjourned at 10:05 P.M.

Pamela A. Seaver
Madbury Town Clerk

Then came before me, Joseph B. Moriarty, John W. Printy, Georgia G. Drew, Eileen R. Corrow, Barbara G. Houston and Betsy J. Booth and took their oaths of office as required by law.

Pamela A. Seaver
Madbury Town Clerk

**WARRANT FOR TOWN MEETING
TOWN OF MADBURY, NEW HAMPSHIRE
March 10, 1992**

To the inhabitants of the Town of Madbury, County of Strafford, and the State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Madbury on Tuesday, the tenth day of March, A.D. 1992 at 1:00 in the afternoon for the purpose of voting on Article 1 through 4 and at 7:30 o'clock in the evening for action on Articles 5 through 15. The polls, which open at 1:00 P.M. for the purpose of voting on Article 1 through 4, will close at 9:00 P.M., unless extended by vote of the meeting.

ARTICLE 1. To choose the following Town Officers:

A Moderator for the ensuing two years.
A Selectman for the ensuing three years.
A Town Clerk/Tax Collector for the ensuing three years.
A Treasurer for the ensuing year.
Two Auditors for the ensuing year.
A Trustee of the Trust Funds for the ensuing three years.
A Supervisor of the Check List for the ensuing six years.

ARTICLE 2. To vote on the amendments to the new Zoning Ordinances, as proposed by the Madbury Planning Board.

ARTICLE 3. To vote on the amendments to the Building Regulations, as proposed by the Madbury Planning Board.

ARTICLE 4. To vote on the amendment to the Zoning Ordinances as presented by petition. NOT RECOMMENDED BY THE PLANNING BOARD.

ARTICLE 5. To choose all other Town Officers.

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to borrow monies in anticipation of taxes.

ARTICLE 7. To see if the Town will vote to raise and appropriate the amount of Ten Thousand Dollars (\$10,000.00) for the existing Capital Reserve Fund created in Article 8 at the 1988 Town Meeting for the Cemetery Fund, and further to authorize the selectmen to act as agents to withdraw and expand from this Capital Reserve Fund.

ARTICLE 8. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for the existing Capital Reserve Fund created in Article 6 at the 1991 Town Meeting for

the purpose of the Revaluation of Properties in the Town of Madbury and further to authorize the selectmen to act as agents to withdraw and expend from this Capital Reserve Fund.

- ARTICLE 9. To see what action the Town will take on the proposed Budget for the current year.
- ARTICLE 10. To see if the Town will vote to extend its involvement and commitment as a member of the Lamprey Regional Solid Waste Cooperative from its current termination date of June 1993 until the end of the business day on June 30, 1996.
- ARTICLE 11. To see if the Town will vote the retention of the unexpended portion of the 1992 Conservation Commission appropriation, said monies to be placed in the Madbury Conservation Fund.
- ARTICLE 12. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal, or other governmental unit or private source which may become available during the fiscal year in accordance with the procedures set forth in RSA 31:95-b.
- ARTICLE 13. To see if the Town will vote to authorize the selectmen to convey any real estate acquired by the Town by Tax Collector's Deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80.
- ARTICLE 14. To hear the reports of the Committees chosen, and act on any motion thereto.
- ARTICLE 15. To transact any other business that may legally come before the meeting.

Given under our hands and seal the 10th of February in the year of our Lord, One Thousand, Nine Hundred and Ninety-Two.

A true copy attest:

Selectmen of Madbury, New Hampshire

Richard R. Houghton
Joseph B. Moriarty
Bruce E. Hodsdon

We certify that on the 10th day of February, in the year of our Lord, One Thousand, Nine Hundred and Ninety-Two, we posted a copy of the Warrant at the Town Hall, Fire Station and the Town Clerk's Office, being three public places in the Town of Madbury, as required by law.

Richard R. Houghton
Joseph B. Moriarty
Bruce E. Hodsdon

Strafford County, SS, Town of Madbury and the State of New Hampshire. Personally appeared before me, the above-mentioned Selectmen and took oath to the above statement.

Pamela A. Seaver
Town Clerk
Madbury, New Hampshire

Nov. 25	William Bronson	Moharimet Drive	Dwelling	416.00
Nov. 25	Brimstone	Nute Road	Dwelling	340.00
TOTAL REMITTED				\$2,736.00

Robert J. Sheeran, Building Inspector

MADBURY VOLUNTEER FIRE DEPARTMENT

The fire department responded to 104 calls in 1991 the most serious being the Dave Robeck mobile home fire in Bunker Lane Park, also the loss of a garage owned by Dick Martel.

We were very fortunate not to have any firefighter injuries thanks to our training and the efforts of our training officer, Tom Perley.

We have added five new members to the rolls, Ken Stanley, Bob Champoux, Matt Newton, Sean McDonald and Corin Meehan. All are a welcome addition to the department. We now have 24 members.

We have been busy with training and also repairing our equipment and building. Firefighter Mark Morong replaced the overhead doors with energy efficient insulated doors. Bob Jennison with the help of the firefighters, finished the driveway. The firefighters also painted the trim and the back of the station.

The Madbury Day Event went well. Special thanks to the Madbury Day Committee and all who helped out for a successful day. We would like to thank the contributors to the Placemat, Yard sale and Food sale, also Hanscom's Truck Stop for the donation of all the paper goods. The Bar-B-Que was a sell-out as usual. Chef Sanders and his helpers did an excellent job.

At our Annual Christmas Party a candle light supper was enjoyed by the members, their wives and husbands. A beautiful Christmas tree was donated by the Chase Farm of Nute Road. Thank you Lori and Tom. Mark Morong added humor to the evening in the roll of Santa Claus in the Yankee Swap.

Certificates were awarded to five members of our department for 40 years or more service.

James Colprit, Charter Member - 44 years.

Carleton Wentworth, Charter Member - 44 years.

Don Begley, 43 years.

Willard Sanders, 43 years.

Alfred Grimes, 41 years.

All were given LIFE MEMBERSHIP to the Department. Thank you fellows for 215 years of volunteering.

I would like to thank Hanscom's Truck Stop for their donation of a tire, tube and rim for engine 1. I'd also like to express our sincere thank you to all the townspeople and businesses of Madbury for their donations throughout the year. We are very grateful for your support. Thank you and have a fire safe year.

Respectfully submitted,
Kenneth Wolcott, Chief, M.V.F.D.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST FIRE RANGER

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire departments due to our increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. 450 wildland fires in New Hampshire burned approximately 150 acres for an average fire size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response of our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, working with other fire department members under the direction of the N.H. Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the N.H. Forest Fire Service, to keep their skill level and knowledge of forest fire laws up to date.

The local Warden and selected Deputy Wardens are also responsible for issuing burning permits for any open burning that is to be done in their community. In New Hampshire, any open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fire. Before doing any open burning, it is recommended that you contact your local fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and Fire Department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn and help keep New Hampshire green! Thank you for being fire safe.

FOREST RANGER
Lee Gardner

FIRE WARDEN
Ken Wolcott

1991 N.H. Forest Fire Federation Outstanding Service Award went to Carleton M. Wentworth presented by Mr. Jack Sargent, Director N.H. Forest Fire Service.

ANNUAL REPORT OF THE PLANNING BOARD

The year of 1991 was one of little business other than the extended effort on the re-write of the zoning ordinances and the other regulations.

Only one subdivision was approved, creating two new lots. One minor lot line adjustment was also approved. The Extended Care Facility that was approved in 1989 for Exeter Health Resources was given a conditional approval for the second time with minor changes. A private corporation has contracted to purchase the site. Most of the original approval was left intact. The private owner would however, be a taxpaying entity.

The greatest amount of effort was expended on the rewrite of the ordinances and the regulations. The Planning Board spent many long hours working with the planning consultant, to fine tune and to simplify and clarify the ordinances. The Planning Board solicited input from the public, and especially from the Conservation Commission and the Water Board. We wish to thank them for their input.

The Planning Board worked throughout 1990 and through late summer of 1991, before bringing the proposed ordinances to Public Hearing. The Public Hearing process lasted throughout the fall and into January of 1992. The Board wrestled with many difficult issues, and tried to balance the needs of the entire town with the needs and desires of some of the public most affected. In the end, the Board believes that we now have a first rate, cutting edge proposal for the voters to decide on.

The Board has acted upon the recommendations of the Master Plan and the Capital Improvements Plan that were enacted by the voters during 1989. We have tried to protect the needs of the town through wetlands, shoreland and aquifer protection ordinances that in our opinion are fair, effective and pro-active. We have tried to deal with the Tolend Road issue in a sane responsible manner. Our Earth Excavation regulations are effective and fully up to date with the latest changes made by the legislative body in Concord.

Finally, we have made substantive changes in the zoning to reflect the desire of the residents to retain Madbury's rural character, without infringing on the rights of the individual landowner. We believe we have developed an ordinance that is in the best interest of the town at large, and the individuals within the community.

Issues for the Planning Board to tackle in 1992 deal with finding more flexibility to deal with businesses that are established in the home (Home Occupations), and dealing with how to best handle the existing businesses and their needs vs the town's needs. The Board is also looking for input on whether or not a serious commercial or industrial zone is wanted by the public. It was rejected by the Board this year.

The Planning Board thanks all of the public for their support of our efforts.

David M. Garvey, Chairman
Madbury Planning Board

ZONING BOARD OF ADJUSTMENT

In 1991 the ZBA held public hearing for the cases listed below.

Case No. Hearing Date		Appeal for:	Applicant/ Property	ZBA Decision
01	April 16	Special Exception Art. XII, Sec. 3-A	Jackson L. Williams 51 Pudding Hill Road	Granted with Conditions.
02	June 18	Special Exception Art. XII, Sec. 1-C	108 Madbury Assoc. Our Place Rte. 108	Granted with Conditions.
03	Aug. 20 cont. Aug. 29	Special Exception Art. XII, Sec. 3-A	Leslie & Nancy Joy Fitch Road	Granted with Conditions.

Whenever possible hearing dates are set for the third Tuesday of the month. For a public hearing to be scheduled, completed applications must be submitted by the first of the month.

Barbara Houston, Clerk

MADBURY FAST SQUAD

The Madbury FAST squad reports 29 calls for 1991. The F.A.S.T. squad or First Aid Stabilization Team is a service of registered and licensed emergency medical technicians and certified in CPR, tending the towns medical emergencies. All members are also on the Durham Ambulance Corps, also staffed by EMT's and paramedics. Both services are staffed by volunteers and offered to Madbury residents free of charge. Presently Jim Gosse and Jennifer Perley represent the FAST squad. Anyone interested in joining contact any FAST or DAC member.

We would like to express our condolences to the Morong family with the passing of William Morong. The donations received were very much appreciated. Their son Mark, was a FAST member.

We had a successful year with Madbury Day fundraising. The yard sale and bake sale yielded \$760. Many thanks to all who contributed. We look forward to 1992.

Health to all and best wishes.

Respectfully,
Jennifer Perley

POLICE DEPARTMENT ANNUAL REPORT

In 1991 Madbury Police Department covered 376 calls in the Town. The residents did a fine job numbering homes and it is suggested that three inch numbers with reflective material be used. Proper numbering is important for emergency vehicles in finding homes in the evening.

Please notify the dispatch and possibly a neighbor or family member when you are planning to be away from your residence on vacation, so we can help to check the residence.

24 hour coverage is available through dispatch by calling 862-1212.

George E. Taylor
Chief

SELECTMEN'S ANNUAL REPORT

During 1991 the Board of Selectmen were involved in a number of major projects.

Progress was made on two major road projects. A joint effort between the Town of Madbury and the Technology Transfer Center at the University of New Hampshire resulted in the reconstruction of a portion of Perkins Road. A new test paving material was laid from the intersection of Madbury Road to the B&M Railroad Bridge. This surface will be monitored by UNH and the town to determine results of use at this test site. This cooperative project with TTC has been just one of many and has proven beneficial to both the Town and the students at UNH.

Nute Road reconstruction, from Hayes Road to the Chase Farm, was substantially completed. Communication with the abutters resulted in resident input and a cooperative result. Completion of this project will take place in the spring. The board will continue to take advantage of lower construction costs and to sustain our road system maintenance program.

During the spring and summer major reconstruction occurred at the Town Park. Three playing fields were constructed and planted as well as the parking lots enlarged. Volunteers from the Madbury Fire Department kept the area watered during dry spells and the results were a "good catch" and growth of grass. It is expected that continued progress will be made on this project during 1992.

In October the Board of Selectmen accepted a deed from Kenneth Tibbetts for 5.72 acres of land on Town Hall Road. The purchase of this land completed the search for a site of our Town's first public cemetery. The Cemetery Committee has been reactivated and research has started to determine the next step in establishing a Municipal Cemetery and Memorial Park.

Accepting Cemetery Deed - Joseph Moriarty, Selectman; Kenneth Tibbetts; Richard Houghton, Selectman.

This year saw substantial legal expenses for the Town's involvement in the Dover Tolend Landfill. Potentially Responsible Parties (PRP) are working to come to an agreement for funding the clean-up of the Tolend Landfill. A special Town Meeting will be called to address Madbury's share of the responsibility. A more complete report of the Town's involvement in the Tolend Landfill Project follows this report.

Respectfully,
Madbury Board of Selectmen

**REPORT ON MADBURY'S PARTICIPATION IN THE
EPA MANDATED REMEDIATION OF
THE DOVER MUNICIPAL LANDFILL SITE
TOLEND ROAD, DOVER, NH**

During 1991, Madbury has actively participated in the Town's most significant and costly litigation in its history. The United States Environmental Protection Agency's (EPA) December 31, 1991 Special Notice Letter to the Town of Madbury named Madbury as one of 31 parties required to perform or finance EPA mandated remediation of the Tolend Road Landfill in Dover, New Hampshire. Only 25 Special Notice Letter recipients are viable; six no longer exist, are bankrupt or insolvent. Depending upon the extent of remediation ultimately ordered by EPA to control contaminant migration from the landfill toward the Bellamy Reservoir, total estimated remediation costs range from \$24 million to \$30 million.

Settlement negotiations are ongoing among the Potentially Responsible Parties (PRPs) considered under Federal Law as jointly and severally liable for performing or financing the mandated remediation. As with any litigation, the Board of Selectmen cannot publicize their strategies and risk assessments discussed with legal counsel. Any final settlement contribution offered by Madbury Selectmen to the PRPs and EPA will be considered a "recommendation," made with the clear and express understanding that the Town's agreement to perform or finance any part of the Tolend Road Landfill remediation must be approved by a vote of the citizens of Madbury at a Special Town Meeting.

When designated a National Priorities List site by the Federal Government in 1983, the Tolend Road Landfill became subject to EPA's extraordinary administrative powers granted by Congress pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended by the Superfund Amendments and Reauthorization Act of 1986 (CERCLA and SARA). These Federal laws make all "owners" and "operators" of the Tolend Landfill and all "generators" and "transporters" of waste to the site strictly and retroactively liable for the costs of remediation mandated by EPA.

EPA deems Madbury's 1972 and 1974 "pass through" lease relationship between Clarence (now deceased) and Alice Felker and the City of Dover sufficient to incur

“owner” liability under CERCLA. The Felkers, Madbury residents, owned land in Dover abutting the landfill. Dover desired to extend its landfill onto the Felker’s property. The Felkers and prior Madbury Selectmen arranged for the Felkers to lease land abutting the landfill to the Town of Madbury, which Madbury then leased to the City of Dover to accommodate landfill expansion. The leases reserved dumping privileges for Madbury citizens. Previously litigated cases have determined “lessors” of land on which hazardous waste has been dumped to be “owners” for purposes of determining CERCLA liability.

EPA deems Madbury’s waste disposal at the site minimal, but still sufficient to incur “generator” liability under CERCLA. Madbury residents interviewed by Town officials in the late 1980’s confirmed a primary practice of household trash disposal from 1960 to 1975 through personal incineration, trash burial, and private dumps. Minimal use was made by Madbury residents of the Dover landfill. Far less than one percent of any municipal solid waste stream can be considered hazardous by current scientific authority. This mitigating factor for “generator” liability, however, offers little defense to “owner” liability.

CERCLA’s strict and retroactive liability is foreign to our legal system’s traditional concepts of equity and justice. The administrative powers granted to EPA by Congress pursuant to CERCLA and SARA make Madbury’s receipt of a Special Notice Letter the equivalent of being found liable. EPA’s administrative power severely limits the Town’s ability to challenge EPA’s rulings in Court. Fault, negligence and equitable considerations must be argued among the viable PRPs to determine relative responsibility and thus proportionate contribution to the cost of mandated remediation. Failure to negotiate in good faith and settle with EPA risks Court enforced sanctions and excessive monetary penalties.

A more detailed disclosure of Madbury’s relative exposure cannot be made public because of pending settlement negotiations. Because any settlement contribution can only be appropriated by Town vote, a Special Town Meeting will be called later this year, if a settlement is reached. At that time the Board of Selectmen will provide all citizens with a detailed, documented disclosure of this litigation’s history and proposed resolution.

MADBURY CONSERVATION COMMISSION 1991 ANNUAL REPORT

The Commission has entered the new world order by revising its bylaws for the first time since they were created in 1978. The revised bylaws fit the actual operation of the Commission more closely and employ more equitable language.

Commissioners attended many Planning Board meetings to keep informed on the progress of the new zoning and subdivision regulations and to comment upon them. Of particular interest were the Aquifer Protection District and the treatment of wetlands under the new Open Space Development provisions. Both are steps in the right direction for Madbury.

The Earth Day Cleanup was subscribed to by a small number of hardy volunteers.

Most significant among Commission activities was the first year's monitoring of the easement on the former Fernald property, now owned by the Cornwells. This process consisted of a preliminary meeting to review the terms of the easement document, a site visit by Commissioners and landowner, and a report of findings which was entered into the permanent file on the easement. The site visit included an in-depth inspection of wetlands on the property.

Members also reviewed one Dredge and Fill permit application, inspected one development site for compliance with shoreland/wetland rules, heard from Mr. Steward, Director of Scientific Research at the Kingman Farm, on the status of activities there, perambulated the Pudding Hill Landfill property, and began to arrange for relocation of trails disrupted by the Madbury Woods development.

The Commission misses Virginia Lehman, resident orienteer, who moved to Colorado. No replacement has yet been named.

Any citizen who would like to volunteer to work with the Commission, or who has questions about protecting land and water resources, please, contact one of its members. There is much to be done.

Respectfully submitted,
Craig R. Seaver, Chairman

AUDITOR'S CERTIFICATE

We have examined the accounts of the Town Clerk, Tax Collector, Deputy Boat Tax Collector, Trustees of Trust Funds, Selectmen and Treasurer, including Conservation Funds, according to the instructions of the New Hampshire Department of Revenue Administration and find them correct to the best of our knowledge and belief.

Barbara G. Houston
Besty Booth

MADBURY N.H. HISTORICAL SOCIETY ANNUAL REPORT 1991

It is that time of year when an annual report is customary. Hopefully by recounting some of our activities of the past year, those who read this may want to come and enjoy future programs with us. As always, "the more the merrier".

In January our program was the film "Ben's Mill" which took us to northeastern Vermont where Ben Thrasher operates a 19th century water-powered mill, making water tubs, sleds and tools for local farmers. This award winning video was purchased by the MHS and is available to our members (or new friends) any time that they would like to view it again.

In April we learned about the "Albacore" submarine, built at the Portsmouth Naval Shipyard, and how it was laboriously hauled to a permanent display site in Portsmouth. The speaker, Mr. Allmendinger was intimately familiar as he was one of the prime movers in this project. And on June 21st (on a very hot day) some of us enjoyed a guided tour through the sub at the Albacore museum. Afterwards we cooled off with lemonade in the beautiful garden at the Moffett-Ladd house in Portsmouth.

Also in June at the Annual Madbury Day "Summer Love" blossomed in the small meeting room. This was the title of the nice display of costume and antiques that Janet Wall arranged for viewing. Also, for this day Diane Hodgson, using pictures and ephemera from the Society's growing collection, arranged a neat reminder of past good times entitled "Madbury Celebrates".

On a lazy Sunday afternoon August 12, some ambitious members moseyed to "ye old salt hole", and saw the huge beaver dam that the sharp toothed critters have built there. It really is 6 feet high!

On October 8th our speaker was Mr. Bob Tuttle of the UNH Sea program who gave an illustrated talk on the Isles of Shoals. The early history of these prominent islands as fishing base for early settlers, and their development as a resort in the 1800's to their use today for research in marine biology were explained by Mr. Tuttle.

At our final meeting of 1991, we had the beautiful "Miles Quilt" on display. The donors of the quilt Mr. & Mrs. Hyde and daughter Mrs. Gowdy were our guests. Lori Chase gave an interesting talk on her research about the work and the making of this lovely work of art. As Lori suggested it was made not so much for a bed cover, but for the "joy of creating". When the Hydys gave this quilt to MHS they also gave a batch of letters that were written by an ancestor, Andrew H. Young to the Dover Public Library. Cathy Beaudouin the assistant librarian studied these 108 letters and gave us a facinating account of life during and after the Civil War.

My thanks to all who arranged for these "good times" of the past year. It has made the year fly by. At our age, do we need this? Yes!! It's going to fly by anyway so we might as well have some enjoyment along the way.

The Madbury Historical Society was twice saddened this year by the death of our secretary Bill Morong and of our treasurer Harry Pollard. Their passing has left a large hole in our ranks and they will be remembered in this town for a long time. We miss them very much.

My thanks to the officers and committee members of the Madbury Historical Society. It is all of you who have kept our little organization interesting and enjoyable.

Bob Hodgson,
President MHS

SQUAMSCOTT HOME HEALTH INC.
89 Old Rochester Road, Dover, NH 03820

CONTACT: C. DiPentima, RN Associate Director
N. Boyle, RN Executive Director

Squamscott Home Health is a voluntary, non-profit home and community health agency whose primary purpose is to provide health services to the communities of Dover, Durham, Lee, Madbury and Newmarket. Services will include nursing, physical therapy, speech therapy, occupational therapy, home health aide, social work services, care management, health education/support to individual families, special groups, and the community as a whole.

Squamscott is Medicare and Medicaid certified and licensed by the State of New Hampshire.

PROGRAM OBJECTIVES:

1. To provide home care services to the residents of Dover, Durham, Lee, Madbury, Newmarket and other contiguous communities when requested.
2. To determine additional needs of residents and study the feasibility of providing those services not otherwise available to the communities.
3. To remain fiscally viable and make medically necessary services available to all people regardless of economic status.
4. To measure and improve the quality of care provided to children from birth to six years in order that they may achieve the best possible state of health.
5. To provide nursing assessment, counselling, and health guidance to elderly people by having a professional nurse available on a regularly scheduled basis at elderly housing sites and town buildings.
6. To provide nursing assessments, counselling, to the general public on a regularly scheduled basis at selected sites within the communities served; screening for diabetes, hypertension, cancer, and other preventable diseases.
7. To provide nursing assessment, counselling, and care planning to clients of Seacoast Hospice, Strafford Hospice and other area providers that so request.
8. To provide assistance and consultation to other providers of health and human services reaching into the community to screen and educate the public for preventive purposes.

To provide all agency services to Madbury residents, Squamscott Home Health Inc. is requesting that the Town of Madbury increase its funding by 2.5 percent to support the agency services.

Support from federal and state sources continues to decline and at the same time the request for free and fee scaled services increases as a result of the economic downturn in the area.

Home Care services provided in Madbury are projected to increase by 200 percent by year end 1/31/92 when compared to 1/31/91. Free health promotion services have remained at the previous level, i.e. 6 percent of the total of such service provided in all the communities we serve.

Thank you for your continued support in providing these valuable health services to the citizens of Madbury.

DURHAM AMBULANCE CORPS

The Durham Ambulance Corps is a private, non-profit volunteer organization that has served the emergency medical transportation needs of the Durham, Lee, Madbury area for 23 years. Staffed with volunteers and one full-time executive assistant, the Corps has greatly improved its level of care from the minimal services of Advanced First Aid in 1968, to various levels of Advanced Life Support currently provided. The Durham Ambulance Corps takes pride in providing some of the most sophisticated and progressive emergency care in the area.

In March of 1991 we began our Fund Drive. The citizens of the area communities responded generously, putting us over our \$10,000 goal. These funds will help pay for the new ambulance. We thank all those who donated.

We expect to take delivery of a 1992 Type III Modular ambulance in early 1992. This vehicle was purchased with appropriations from Durham, UNH, Lee, and Madbury as well as donations, memorial gifts and the Fund Drive.

We recently completed a detailed analysis of our response times, from time of dispatch to time responding to the scene. We have seen a steady improvement in these times. This can be attributed to increased number of active members, portable radios being issued to members in outlying areas, and the presence of the Executive Assistant during the daytime hours. We are working to improve these times further through purchase of more portable radios, exploring affordable local housing options for members, and recruiting local residents for membership. We would appreciate consideration from local landlords and employers for housing and jobs for our volunteers.

There is some confusion regarding which agencies respond to call for medical

assistance. In Durham, the Durham Fire Department and Durham Police Department respond to most calls for medical assistance. In Lee, the Lee Police Department responds to all medical aid calls, and in Madbury the Madbury FAST Squad and/or Fire Department responds. Frequently one or more DAC members also responds directly to the scene in outlying areas. These agencies provide patient care and stabilization prior to the arrival of the ambulance.

The Corps is continuing to offer CPR training for police officers, firefighters, day care providers and other interested groups or individuals. During 1991, over 150 people received CPR training through the Corps. If you or your group is interested in CPR training, a station tour or injury prevention information, please call our office at 862-3674.

Some projects planned for 1992 are:

- The development of long term Corps goals and objectives. This will allow us to better focus our time and efforts.

- Continuing to improve the level of emergency medical care provided by the Corps. The Corps sponsors members attending Critical Trauma Care, Pediatric Emergency Care, EMT-intermediate, and EMT-Defibrillation courses.

- Offer federally mandated hazardous material awareness training to all members. This 8 hour course will be taught by volunteer instructors.

- Continue to explore the options of station expansion, renovation, or relocation. We are extremely overcrowded in our present quarters; lacking in storage, office, and quiet study/sleep areas.

- Implement a Capital Improvement/Replacement budget. Money will be allocated and set aside annually for the replacement of ambulances and durable medical equipment.

- Work closely with our medical resource hospital to provide quality assurance. Review cases and reports in order to ensure that medical procedures are properly carried out and documented according to protocol.

- Review and revision of all Corps Standard Operating Procedures, By-laws, and Policies.

The Durham Ambulance Corps appreciates all the support we received from the community in 1991. We will continue to serve you with dedicated and compassionate emergency medical care. We welcome community residents to become involved in our activities. Please call the station at 862-3674 for more information.

Many thanks to Durham Fire Department, Lee Fire Department, Madbury Fire

Department and FAST Squad, Durham-UNH Communications Center, and Durham, UNH, Lee, Madbury and State Police Departments. We also want to publicly thank all our members who have unselfishly contributed their time and resources to the Durham Ambulance Corps.

Patrick D. Ahearn, President
William A. Eldridge, Operations Vice President
Jeffery E. Chambers, Administrative Vice President
Jean L. Robertson, Training Coordinator
Jennifer Gingras, Secretary
Scott C. Ellis, Treasurer
Mary C. Davis, Executive Assistant

STRAFFORD COUNTY COMMUNITY ACTION COMMITTEE, INC.
P.O. Box 160, Dover, NH 03820 - Tel. 749-1334

Please accept this letter as a request for inclusion in the town warrant on behalf of the Strafford County Community Action Program.

As the attached listing indicates, last year with your financial assistance we were able to help many at-risk Madbury families with much needed services. This year, with a worsening economy and higher unemployment we are expecting the need for these basic services to increase dramatically among the target population.

Our request to you this year, if granted, will allow us to continue to meet the needs of Madbury residents for weatherization, fuel assistance, security deposits, surplus commodity food, information and referral, and other services that eligible Madbury families may require in the coming year.

We appreciate your continued interest and support of our programs.

MADBURY SERVICES

PROGRAM	UNITS OF SERVICE
Fuel Assistance	6 families
Weatherization	1 home
Security Deposit	1 family
Commodity Foods Distribution	4 families
Food Pantries	11 families
Information and Referral	34 units
Water Distribution	44 cases
Value of goods and services provided to Madbury	\$5,044.00

Sincerely,
Richard Hayes, Executive Director

1991 ANNUAL REPORT STRAFFORD REGIONAL PLANNING COMMISSION

Established under RSA 36:46 the Strafford Regional Planning Commission is a public agency whose primary purpose is to assist its 16 member municipalities in planning for the development of the region. The activities of the commission include developing regional plans covering issues such as transportation, land use, and economic development, as well as providing assistance on local planning matters to member municipalities.

Local funds (dues) from member towns and cities finance basic core services of the commission and roughly fund one of SRPC's four professional planners. Through its bimonthly meetings of municipal representatives, the commission provides a forum to discuss projects of areawide concern. In 1991 commissioners focused on projects and issues such as the redevelopment of Pease Air Force Base, the East-West Highway environmental impact statement, economic development and transportation planning.

Recognizing that the needs of the region's rural towns differ from the cities', SRPC's Regional Economic Development Committee sponsored a workshop at which town officials discussed methods for promoting rural economic development. The annual training program for planning board members was presented in May. Geographic Information System (GIS) mapping at small scale for regional planning purposes included Madbury's area.

For the Madbury Planning Board, commission staff gave advice and review of proposed ordinances. Staff also assisted in the implementation of a hazardous waste collection day for residents of Madbury and neighboring towns.

In 1992 SRPC will be mapping, using GIS, pollution sources along the shoreline of Great Bay and the tidal rivers in Madbury, Dover, Durham, Newmarket and Lee.

Lorie Chase, Commissioner
Janet Wall, Commissioner

LAMPREY REGIONAL SOLID WASTE COOPERATIVE

The 1991 year was a very productive year for the Lamprey Regional Solid Waste District. The future planning Committee supplied the Board of Directors with much needed information of the costs related to the future closing of our ash landfill and its potential financial impact on the member communities. With the help of the future planning committee we have been investigating future alternatives for the Cooperative that would be financially feasible and environmentally responsible. During 1992 we will be looking into these alternatives and to have a report and a recommendation to present to the member communities in the spring of 1993 for their respective Town meetings.

The Cooperative will be going forward in 1992 with the second phase construction of our ash landfill so as to give the cooperative needed space for ash until the termination of our lease with the University of New Hampshire in 1995.

Respectfully,
Joseph Moriarty
Chairman

ANNUAL REPORT TO THE TOWN OF MADBURY from the MADBURY WATER DISTRICT FOR THE CALENDAR YEAR 1991

In the past year, the Water District finalized the 1989-1990 water survey work. Maps and reports of ground water quality will be available by March 1992. There was a change in board commissioners: Jim Irish moved to Massachusetts and was replaced by Ram Moennsadt, who will fill the remaining portion of Jim's term.

Tom Ballesterio
Commissioner
