L-R Tony & Alex Klok, Joan Whittier**

RECORD OF TOWN MEETING

March 14, 2000

The Annual Town Meeting of the Town of Madbury, County of Strafford, and the State of New Hampshire, was called to order at 11:00 AM by Moderator Donald W. Melvin. The polls declared open and the following Ballot Clerks were sworn in by the Moderator:

Diane Hodgson	Mary Ellen Duffy	Carleton Wentworth
Karen Towle	Gail Houghton	

Moderator Melvin called the evening session of the Meeting to order at 7:10 PM. The assembled citizens (approximately ninety) stood for a moment of silence for those Madbury residents who died during 1999. They included:

Laura M. McKenna	Joseph A. LaFerriere
Stanley F. August	Drusilla Dennett
Malcolm R. Hart	Dorothy L. Wentworth
Delwyn G. Main	Albert A. Bennett
Virginia Begley	Maynard J. Orr
Frank H. Drew	William J. Berberich

Everyone joined the Town Clerk in reciting the Pledge of Allegiance.

Moderator Melvin announced that the polls which opened at 11:00 AM for the purpose of voting by ballot on Articles 1, 2, 3 and 4 of the Town Meeting Warrant as well as voting on all Articles on the Oyster River Cooperative School District Ballot would close at 8:00 PM unless extended by vote of the Town Meeting.

ARTICLE 1. The following Town Officers were elected by ballot:

Moderator for the ensuing two years Donald W. Melvin
Selectman for the ensuing three years Joseph B. Moriarty
Treasurer for the ensuing year Gail A. Houghton
Trustee of Trust Funds for the ensuing three years Georgia G. Drew
Supervisor of the Checklist for the ensuing six yrs Catherine M. Bassett
Auditors for the ensuing year Elaine C. Sylvester
..... and Karen A. Towle
Cemetery Trustee for the ensuing three years Diane C. Hodgson
(Sample ballot on File)

ARTICLE 2. Voted by ballot on Amendment No. 1 to the Zoning Ordinance regarding removal of the existing provision for Special Exception in the Residential Agricultural District (Article V, Section 1-J-1) in its entirety as proposed and recommended by the Madbury Planning Board. PASSED

ARTICLE 3. Voted by ballot on Amendment No. 2 to the Zoning Ordinance and Building Regulations regarding sewage disposal and wetland set backs as proposed and recommended by the Madbury Planning Board. PASSED.

ARTICLE 4. Voted by ballot on amendment No. 3 to the Zoning Ordinance regarding the Residential Cluster Development Overlay District as Proposed and recommended by the Madbury Planning Board. PASSED (sample ballot on file)

ARTICLE 5. Richard Burkholder moved and Barbara Houston seconded a motion to authorize the Selectmen to choose all other Town Officials. PASSED

ARTICLE 6. Joseph Moriarty moved and Janet Wall seconded a motion to raise and appropriate the sum of Sixty Thousand Dollars (\$60,000.00) for the existing Capital Reserve Fund created in Article 8 at the 1998 Town Meeting for the purpose of the construction of a Safety Complex and further to authorize the Selectmen to act as agents to withdraw and expend for this Capital Reserve Fund. This appropriation is recommended by the Board of Selectmen and is included in the proposed budget.

Lorraine Morong made a motion to correct the wording of Article beginning on line 5 to say "...to withdraw and expend from this Capital Reserve Fund." Eileen Corrow seconded the motion. There being no further questions or discussion, a vote was taken. The Amendment PASSED.

With no further discussion a vote was taken on the amended Article 6. PASSED

ARTICLE 7. Tom Perley moved and Tony Klok seconded a motion to raise and appropriate the sum of Thirty Thousand dollars (\$30,000.00) for the existing capital Reserve Fund created in Article 8 at the 1994 Town Meeting for the purchase of a Fire Truck and further to authorize the Selectmen to act as agents to withdraw and expend from this Capital Reserve Fund. This appropriation is recommended by the Board of Selectmen and is included in the posted budget. There was no discussion. A vote was taken. PASSED

ARTICLE 8. Joan Sundberg moved and Robert Wilson seconded a motion to establish a Capital Reserve Fund (pursuant to RSA Chapter 35) for the future revaluation of the municipality and to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) towards this purpose, and to further authorize the Selectmen to act as agents to

withdraw and expend from this Capital Reserve Fund. The Selectmen recommend this appropriation and included it in the proposed budget.

Selectwoman Joan Sundberg explained that we need to get property values in Madbury more equitable. If this Article passes we will begin the revaluation project this spring and finish next spring or summer. We will need more money next year to finish the project. Hearing for property owners will be held next summer. The values will be effective for the April 1st 2001 tax year, will be used to calculate the 2001 tax rate and will be reflected in the Final (December) 2001 Tax Bill. There were no questions and no discussion. A vote was taken. PASSED

ARTICLE 9. Bruce Hodsdon moved and Gray Cornwell seconded a motion to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of the purchase of Property and / or Easements, and to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000.00) to be placed in this fund, and to further authorize the Selectmen to act as agents to withdraw and expend from this Capital Reserve Fund. The Selectmen recommend this appropriation and included it in the posted budget.

Selectman Hodsdon answered a few questions about whether we need this fund in addition to the Conservation Fund. He pointed out that the Town may want to buy property and / or easements on properties that could be used for purpose other than conservation (ie. development or recreation). The Conservation Fund is strictly for the purchase of conservation land and expenses related thereto. Betsy Renshaw applauded the Selectmen for putting this article on the Warrant. There was no further discussion. A vote was taken. PASSED.

ARTICLE 10. Jay Moriarty moved and Bruce Hodsdon seconded a motion to pass the proposed budget of \$841,931.00 for the current year.

Selectman Moriarty explained that even though this year's proposed budget is more than \$177,000.00 over last year's budget he expects to keep the town's tax rate within a penny or two of last year's rate by using \$220,000.00 of Madbury's Fund Balance (surplus)

When asked what road projects were anticipated this year, Moriarty said Freshet Road – both sides of Route 108 and other roads that join other Towns' roads (ie. Dover and Durham).

Faith Gardner asked about the large increase in the Police Budget. Moriarty said it was very difficult to keep part-time officers who

could work for the entire 1999 Police Budget was not expended. The increase for 2000 is to hire a full time officer for the first time in Madbury's history. Hopefully an officer will be hired within thirty days.

Glenn Bushong asked if the Town had pursued any Policing Services grants from the Federal Department of Justice. Moriarty said that Chief Taylor had explored and inquired about grants. It appears unlikely that Madbury would qualify without strings and time delays. Chief Taylor has already received a number of applications for the position.

When no more questions were asked, a vote was taken on the proposed budget of \$841,931.00. PASSED

ARTICLE 11. Lorraine Morong moved and Robert Wilson seconded a motion to vote on the Question (as per RSA 659:4-a) "Shall we place a question on the State election ballot to change polling hours so the polls shall open at 11:00 AM and close at 7:00 PM for all regular State elections beginning in 2002? Polling hours in Madbury are now 8:00 AM to 7:00 PM.

Moderator Don Melvin told some of the history of RSA 659:4a. Basically this question is asking if Madbury citizens want this question placed on the next state ballot so we can decide OURSELVES what hours WE want our polls open. After much discussion a vote was taken. PASSED.

ARTICLE 12. Craig Seaver moved and Gray Cornwell seconded a motion to retain the unexpended portion of the 2000 Conservation Commission appropriation, said monies to be placed in the Madbury Conservation Fund.

Conservation Commission Chairman Seaver spoke to the Article explaining that this was a regular annual article and urged its passage.

After a short discussion a vote was taken. PASSED.

ARTICLE 13. Craig Seaver moved and John Nachilly seconded a motion to send the following resolution of the New Hampshire General Court: Resolved, "New Hampshire's natural, cultural and historic resources in the Town and through-out the State are worthy of protection and, therefore, the State of New Hampshire should establish and fund a permanent public/private for the voluntary conservation of these important resources."

Craig Seaver said that the Madbury Conservation Commission requested that this Article be placed on the Town Warrant. He, Gray Cornwell and State Rep Janet Wall all spoke in support of the Article. A vote was taken. PASSED

ARTICLE 14. Lorraine Morong moved and Diane Hodgson seconded a motion to adopt the provisions of RSA 72:1-c which will eliminate the assessment, levy and collection of the Resident Tax.

Tax collector Pamela Seaver explained how labor-intensive and costly this tax has become in Madbury. It is an antiquated law that requires a husband to pay his wife's tax IF they were living together as husband and wife ON April 1st of the year of levy and it exempts "paupers". Many NH towns and cities no longer assess, levy, and collect this tax. With no questions or other discussion a vote was taken. PASSED.

Moderator Melvin announced it was 8:00 PM and anyone present who had not voted yet to do so because the polls were closing.

ARTICLE 15. Lorraine Morong noted the lack of public information and scrutiny of the Wagon Track Bike Trail project.

Eileen Corow announced that the Library Committee meets on the fourth Thursday of each month at the Town Hall. The next meeting will be on Thursday March 23rd at 7:00 PM. The Committee will review their townwide survey forms. Anyone interested is urged to attend.

Carolyn Hutton announced the annual Town Pot Luck Supper to be held at Mohariment School on Sunday April 9th at 5:30 PM. She also said the Madbury Community Club, in honor of its 50th Anniversary, is sponsoring a town-wide planting of rhododendron. More information will be coming.

ARTICLE 16. Robert Drugan announced that he and his wife Connie Eppich will run a Bike Rodeo at this year's Madbury Day only if they have volunteers to help them. Please call 742-3347 if you can help.

Bruce Hodsdon recognized Karen Houston for her seven years of service on the Planning Board, the last two years as chair. Hodsdon also presented Craig Seaver with a framed certificate of appreciation for his twenty years of service on the Conservation Commission, most of them as chair. Barbara Houston also received a certificate of appreciation for serving thirty-five years as a Town Auditor.

This portion of the meeting concluded at 8:25 PM. Moderator Melvin adjourned the meeting at 8:30 PM to count the ballots cast on Articles 1, 2, 3, and 4. The meeting was officially adjourned at 9:40 PM.

Pamela A. Seaver
Madbury Town Clerk

Then came before me, Donald W. Melvin, Joseph B. Moriarty, Gail A. Houghton, Catherine M. Bassett, Georgia G. Drew, Elaine C. Sylvester, Karen A. Towle and Diane C. Hodgson and took their oaths of office as required by law.

Pamela A. Seaver
Madbury Town Clerk

Formally accepted by the Board of Selectmen on March 20, 2000.

Bruce E. Hodsdon
Joseph B. Moriarty
Joan H. Sundberg.

**WARRANT
FOR
TOWN MEETING**

**TOWN OF
MADBURY, NEW HAMPSHIRE**

MARCH 13, 2001

WARRANT FOR TOWN MEETING
TOWN OF MADBURY, NEW HAMPSHIRE ~ MARCH 13, 2001

To the inhabitants of the Town of Madbury, County of Strafford, and the State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Madbury on Tuesday, the thirteenth day of March, A.D. 2001 at 11:00 in the morning for the purpose of voting on Article 1 and at 7:00 o'clock in the evening for action on Articles 2 through 16. The polls will open at 11:00 a.m. for the purpose of voting on Article 1 and will close at 8:00 p.m. unless extended by vote of the meeting.

ARTICLE 1: To choose the following Town Officers: (Majority Vote required)
A Selectmen for the ensuing three years
A Tax Collector - Town Clerk for the ensuing three years
A Treasurer for the ensuing year
Two auditors for the ensuing year
A Trustee of the Trust Funds for the ensuing three years
A Cemetery Trustee for the ensuing three years

ARTICLE 2: To choose all other Town Officers. (Majority Vote required)

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000.00) for the existing Capital Reserve Fund created in Article 8 at the 1998 Town Meeting for the purpose of the Construction of a Safety Complex and further authorize the Selectmen to act as agents to withdraw and expend from the Capital Reserve Fund. This appropriation is recommended by the Board of Selectmen and is included in the posted budget. (Majority vote required)

ARTICLE 4: To see if the Town will vote to raise and appropriate the sum of Twenty-five Thousand Dollars (\$25,000.00) for the existing Capital Reserve Fund Created in Article 8 at the 1994 Town Meeting for the purchase of a Fire Truck and further authorize the Selectmen to act as agents to withdraw and expend from this Capital Reserve Fund. This appropriation is recommended by the Board of Selectmen and is included in the posted budget. (Majority vote required)

ARTICLE 5: To see if the Town will vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000.00) for the existing Capital Reserve Fund created in Article 9 at the 2000 Town Meeting for

the purpose of Purchase of Property and/or Easements. The Selectmen recommend this appropriation, and it is included in the posted budget. (Majority vote required)

- ARTICLE 6:** To see if the Town will vote to establish a Capital Reserve Fund (pursuant to RSA Chapter 35) for the purpose of recreational field development of the Tibbetts property and to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) towards this purpose, and to further authorize the selectmen to act as agents to withdraw and expend from this Capital Reserve Fund. The Selectmen recommend this appropriation, and it is included in the posted budget. (Majority vote required)
- ARTICLE 7:** To see what action the Town will take on the proposed Budget for the current year. This budget is recommended by the Board of Selectmen. (Majority vote required)
- ARTICLE 8:** To see if the Town will vote to establish a public library pursuant to RSA 202-A:3. (Majority vote required)
If this article is voted in the affirmative, the following four articles will be voted on; if the article loses, the following four articles relating to a library will be omitted.
- ARTICLE 9:** To see if the Town will vote to create the office of Library Trustee pursuant to RSA 669:16. (Majority vote required)
- ARTICLE 10:** To see if the town will vote to elect three (3) library trustees by unofficial ballot. (Majority vote required)
- ARTICLE 11:** Shall the town accept the provisions of RSA 202-A:4-c providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the public library trustees to apply for, accept and expend, without further action of the town meeting, unanticipated monies from a state, federal or other governmental unit or a private source which becomes available during the fiscal year? (Majority vote required)
- ARTICLE 12:** Shall the town accept the provisions of RSA 202-A:d authorizing the public library trustees to accept gifts of personal property, other than money, which may be offered to the library for any public purpose, and required that the public library trustees hold a public hearing on the proposed acceptance of any gift valued over \$5,000? Such authorization shall remain in effect

until rescinded by a vote at town meeting.

No acceptance of any personal property under the authority of this section shall be deemed to bind the town or the library trustees to raise, appropriate, or expend any public funds for the operation, maintenance, repair, or replacement of such property.

ARTICLE 13: Shall the Town of Madbury adopt the provisions of RSA 466:30-a, which make it unlawful for any dog to run at large, except when accompanied by the owner or custodian, and when used for hunting, herding, supervised competition and exhibition or training for such? (Majority vote required)

ARTICLE 14: To see if the Town will vote the retention of the unexpended portion of the 2001 Conservation Commission appropriation, said monies to be placed in the Madbury Conservation Fund.

ARTICLE 15: To hear the reports of any Committees, Town Boards, and/or Commissions, and act on any motion thereto.

ARTICLE 16: To transact any other business that may legally come before the meeting.

Given under our hands and seal the 16th day of February in the year of our Lord, Two Thousand and One.

Bruce E. Hodsdon
Joseph B. Moriarty
Joan H. Sundberg
Board of Selectmen, Town of Madbury, NH

We certify that on the 16th day of February, in the year of our Lord, Two Thousand and One, we posted a copy of the warrant at the Town Hall, Fire Station, and the Town Clerk's Office being three public places in the Town of Madbury, as required by law.

Bruce E. Hodsdon
Joseph B. Moriarty
Joan H. Sundberg
Board of Selectmen, Town of Madbury, NH

Strafford County, SS Town of Madbury and the State of New Hampshire. Personally appeared before me, the above mentioned Selectmen and took oath to the above statement.

Pamela A. Seaver, Town Clerk
Town of Madbury, New Hampshire

MADBURY POLICE DEPARTMENT ANNUAL REPORT for 2000

The year 2000 brought some very exciting changes for Madbury Police Department. In April, the Town hired its first full-time police officer, Deputy Chief Joseph McGann, Jr., and in May, Marjorie Rawson was added as a part-time secretary. Both of these individuals had retired after many years of service with the Durham Police Department. The department also experienced changes over the past year with the resignations of Officers Sean Hall, Thomas Coty, Richard Wright and Daniel Brooks. We replaced these individuals with part-time certified officers--Matthew Embrey and Benjamin Bartlett, as well as uncertified part-time officers Kathryn Lilly, Jon Cross, and Eric Ball. The last three officers are scheduled to attend the Part-time Officers Academy from early January through the end of February 2001.

In June of 2000 the Madbury Police Department contracted services through the Strafford County Sheriff's office, for the dispatching of police services for the town. This provides greater service to the citizens of Madbury in that the police telephone line is answered 24 hours a day by the dispatch center, eliminating the need for an answering machine at the police department.

We also upgraded the police computer system with the new IMC program. In this regard we would like to publicly thank David Ayer, of Ayer Electric, for his generous contribution of time and talent in the wiring of the station for the network. We also wish to thank AAA Fencing Company of Dover for the donation of the materials needed for the installation of our new flagpole at the exterior of our building.

The police department was successful in working with the officials of the Moharimet School and the State to change the school entrance sign on Route #155 to a school zone, with a blinking yellow light now indicating a school zone speed of 30 MPH before and after the school. We also worked with Division #6 supervisor, Mike Burlage in changing the speed signs along Route #155 between Town Hall Road and Madbury Road. The State agreed to move the speed sign back from the intersection, which makes the intersection safer.

The department continues to look into ways of saving the town money; ie, through the Military Surplus Program. We were able to procure military equipment for the use of the police department. We have obtained a police radio base station, lockers, TV and VCR equipment for training purposes, a military Blazer and also a sedan. All of these items were procured at a great saving to the Town of Madbury.

On June 6, 2000, "Madbury Day", was a great success. We want to thank the Dover Police Department for the mounted patrol units (Sg. R. Morin and Officer J. Usher), as well as the New Hampshire State Police for the two motorcycle units who assisted with the parade.

Over the past year our officers have been committed to providing professional police services to the Town of Madbury. We have made great strides in the area of motor vehicle enforcement, hopefully making the town roads a safer place for the motoring public.

It has been our experience when calls come in that officers have difficulties locating homes due to improper markings, or no markings at all (meaning house numbering). At this time we would respectfully request your assistance in the numbering of your residence which would provide a greater response time in the event of an emergency.

The information below is the activity of police calls for the year 2000, compiled from January through December.

Aid to Citizens	355
Aid to Other Agencies	103
Aid to Officers	21

Accidents Covered	38
Criminal Investigations	35
Total Activities for 2000	3298

Respectfully submitted,

George E. Taylor
Chief of Police

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

There are 2,200 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The number of fires reported during the 2000 fire season was below average as referenced in the statistics below. Despite this, our network of fire towers and detection patrols were still quite busy with the fire towers being first to report over 135 fires. These fires were quickly and accurately reported to the local fire department for their prompt and effective suppression effort. Wild-land fires occurring in areas where homes are situated in the woodlands are a serious concern for both landowners and firefighters. Homeowners can help protect their homes by maintaining adequate green space around them and making sure that houses are properly identified with street numbers. Please contact the Forest Protection Bureau to request a brochure to assist you in assessing fire safety around your home and woodlands.

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing **ALL** outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression cost.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. Forest Rangers have investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217, or for general information visit our web site at www.dred.state.nh.us.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection system and reports from citizens aid in the quick response from local fire departments. These factors are critical in controlling the size of wild land fires, keeping the loss of property and suppression costs as low as possible. Due to permitting and fire safety concerns please contact your local fire department **BEFORE** using portable outdoor fire places and vessels, including those constructed of clay, concrete or wire mesh.

Please contact your local fire department before doing **ANY** outside burning.

REMEMBER ONLY YOU CAN PREVENT FOREST FIRES!!

FIREFIGHTER OF THE YEAR 2000

Jim Davis accepts his plaque from Fire Chief, Thomas Perley

MADBURY VOLUNTEER FIRE DEPARTMENT

On behalf of myself and the members of the Madbury Fire Department I would like to thank you for your continued support during the past year. During the year 2000 we were able to continue our Fire Safety Education in the Moharimet School, once again bringing the Rochester Fire Departments Public Education Trailer to the school. Members of the department have been quite active in training in the past year to maintain their skills. Some of the programs we sponsored or participated in include Ice and Cold Water Rescue, CPR, Self Contained Breathing Apparatus, Use of Firefighting Foam, Apparatus Driving and Operation, and Rural Water Supply Operations. Many members have also taken courses outside of the department, including Dana Smith who completed his NH Firefighter 1 and Emergency Medical Technician certifications, and Brian Rayes who also completed his Emergency Medical Technician certification. Jim Davis was selected as Madbury's Firefighter of the Year for 2000. Alfred Grimes and Bob Hodgson were both recognized for 40 years of active service with the Madbury Fire Department. Steve Noel completed our internet web site, so you may now visit us on-line at Madburyfire.com. We welcomed new members, Jason Jerard, Adam Melvin, and Catherine Gosse.

We look forward to further serving the community in the coming year. We are always looking for new members to help us deliver our services to the community.

Respectfully submitted,
Tom Perley, Fire Chief

MADBURY PLANNING BOARD ANNUAL REPORT

Efforts to update the Master Plan have been a major activity of the Board during the year 2000. Master Plan preparation and amendment is the first duty of the Planning Board (RSA 674:1). The Master Plan consists of a report or set of statements and land use proposals, including text, maps, diagrams, charts, etc., to show recommendations for development of the town. Its sole purpose is to aid the Planning Board in the performance of its duties.

A public opinion survey questionnaire was mailed to all taxpayers in late Spring. Its purpose was to access public opinion regarding current policies and objectives. Response from the public was excellent. Results showed overwhelming support for three policy areas; a) preserving Madbury's rural character, b) protecting our water resources, and c) insuring a clean, safe, and secure environment. Maintaining a stable tax rate was also a major concern, placing fourth.

With the help of a grant from the New Hampshire Coastal Program we have been receiving assistance in revising the Master Plan from the Strafford Regional Planning Commission. To date we have concentrated our efforts on updating the chapters on natural resources and water resources since they relate directly to the public's primary interest as shown in the survey. In addition, we are updating the chapter on demographics. We will soon be holding public hearings to solicit public comments regarding this work.

During the upcoming year we will be focusing our efforts on chapters relating to existing land use and town facilities and services. All of our meetings are open to the public and we welcome public input into this important activity which will have a major impact on the future of Madbury.

In other activities, the Board approved six subdivisions with a total of 28 lots. Of these, one was a cluster subdivision with a total of 16 lots. The others contained two or three lots each. In addition, another proposal approved was one which combined three lots into two.

Two site reviews proposals were received. One was approved, the other rejected. The Board also held eight preliminary discussions. These discussions are encouraged as they provide an opportunity for a property owner or agent to informally discuss plans and ideas with the Board before time or money is spent on design and engineering details.

Early in the year a public hearing was held concerning changes in the regulations governing septic systems and wetland setback. Another public hearing was held regarding removing special exceptions in the Residential and Agricultural Zone for recreational enterprises, commercial enterprises, churches and schools. These zoning changes were later approved by the voters. Any future changes in zoning ordinances need to be done with great care. These will require much study, discussion and review by both the Planning Board and the citizens of the town.

In closing, I would like to take this opportunity to thank all of the Planning Board members for their cooperation, hard work and dedication. We have tried to create an environment where all members are encouraged to participate actively in the work and decisions of the Board. All have responded in a positive fashion. They can all be proud of their volunteer efforts on behalf of the town of Madbury.

The Planning Board meets at 7:00 pm on the first and third Wednesdays of the month. Meetings are open to all citizens of the town.

Respectfully submitted,
Wallace C. Dunham, Chair

MADBURY CONSERVATION COMMISSION ANNUAL REPORT 2000

The Commission continued its stewardship of Madbury conservation properties with the help of UNH forestry student Brian Reader. Brian, as part of a UNH Thompson School project, provided us with deed research and a survey for our "Inland Acres" lot 31B off Tolend Rd. We continued our annual monitoring visits for the 3 LCIP easement properties. Commission members walked the boundaries of the Fernald, Fern Way, and Wentworth properties; documenting natural features, posting easement signs, and creating a pictorial inventory. Our resulting easement monitoring reports were given an "A" rating by those at the state level responsible for LCIP easement monitoring.

Commission members were active participants in several regional initiatives, the Oyster River Conservation Association, and the Wagon Track Bike Trail project. Members also sponsored a town forum on the NH Land & Community Heritage Investment Program (LCHIP). The town voted to support this important conservation program which was later passed into law by the state legislature.

We held a public forum on joining a consortium of six towns applying for a NHDES Water Supply Land Conservation Program grant to protect the 1350 acre Tamposi property located in Barrington. Town support, among those who attended, was unanimous for protecting this property which contains the headwater of the Oyster River and a key watershed of the Bellamy River. The Commission voted to appropriate the \$6,000 requested of Madbury to be a joint applicant in the grant process and have a seat on the board responsible for stewardship of this important parcel.

2000 was a year of change for Commission membership with the retirement of our long-time chairman Craig Seaver along with commissioners; Jean Temple, and Allison Murray. At the same time we welcome back Suzanne Watson a prior member from 1986-1993, and added two associate members; Thomas Hadley, and Barbara Maurer. Gray Cornwell also joined as an alternate member.

Townpeople may feel free to bring their concerns, comments, and ideas to the Commission, either by letter, email (nachijj@nu.com), or by attending the meetings on the fourth Monday of each month at 7 pm.

Respectfully submitted,
John J. Nachilly, Chairman

ANNUAL SUMMARY OF MADBURY WATER BOARD ACTIVITIES 2000

A proposal for a grant submitted by the Madbury Water Board (MWB) to the New Hampshire Department of Environmental Services (DES) requesting funds for a follow up study to look for causes of volatile organic chemicals (VOC's) contamination was approved in April, 1999 for \$13,370. Funds were unavailable from the DES until spring of 2000. The project was initiated in early spring by Ellen Douglas, PE of the University of New Hampshire and completed in early September. Out of 74 residential wells sampled randomly, seven (approximately 9.5%) were found to have VOC contamination of MTBE, an additive to gasoline. All homeowners were notified of the results for their individual wells. Educational information was sent to those homeowners whose wells had detectable VOC's. Levels of contaminated wells were below the Maximum Contaminant Level (MCL) of 13 ug/L, proposed by New Hampshire Safe Drinking Water Act Program. It was determined that all contaminated wells were largely due to consumer disposal of gasoline and spills. The final report was filed with the Town Hall.

Other matters, upon which the board deliberated and commented, included gravel pits and the effect of subdivision when they are projected. Suggestions to address preservation of water resources were respectfully submitted to the Madbury Master Plan.

Respectfully submitted,
Ram Moennsad
Chair & Commissioner
Madbury Water Board

MADBURY HISTORICAL SOCIETY

Annual Report 1999-2000

At the November 9th 1999 meeting, there were two By-Law changes approved by the members. The first changed the Annual Meeting of the Society from October to November, and the second changed the Society's fiscal year from the present October 1 to September 30 to the calendar year (January 1 to December 31), bringing the fiscal year into harmony with the program year.

At this meeting Peggy Fish introduced Lori Chase who presented a program on "Early New England Pieced Quilts", during which she offered new research insights on the quilts of our ancestors, particularly those made between 1775 and 1850. In addition to the quilting material and quilts which she displayed, several members also brought quilts for comments and discussion about quilt materials, construction, and safe storage. In addition, Lorraine Morong displayed materials that can be used to safely preserve photographs.

The January 11th 2000 meeting started with Program Chairperson Kathy Frid's introduction of the speaker for the evening, Glen Knoblock, a pharmacist from Dover, the author of "Historical Burial Grounds of the New Hampshire Seacoast". His slide presentation illustrated the various gravestone motifs that were popular during various time periods in history, ranging from few wooden markers in the earliest times, to later slate or sandstone markers.

At the April 11th meeting, we were shown an old autograph album, owned originally by Ellery Felker, born in 1868, a Madbury resident, which was bought at an Internet auction site by Lori Griffith. Bob Hodgson told us that it contained the names of many Madbury residents and that he had put a copy of the album with the Society archives. The program was presented by Robert Fillion who gave a talk entitled "The Province Road Through Madbury and Durham", a topic which he is still researching, and it generated a lot of questions.

At the October 10th meeting Mark Foyne, Schools Program Coordinator of the NH Historical Society gave an illustrated talk on why state and local history is important. He described the curriculum developed by the NH Historical Society and ways that local historical societies can help integrate local history into the school classroom.

Also speaking at this meeting was Ellen Derby who showed examples of how the Peterborough Historical Society helps to integrate local history into the classroom. Included were two videos of elderly residents describing their childhood experiences to a classroom of young children, who were fascinated to hear what children of earlier days did without television, cell phones, computers and all the other present day "necessities" of life.

On November 14th we were able to witness the making of a "Corn Broom" by Historical Society member George Polichronopoulos. He had his broom-making equipment set up and used it to demonstrate how to make a familiar household tool, and impressed us all with his statement that the brooms were guaranteed to be usable for twenty years! Following the meeting we enjoyed excellent refreshment and a time of socialization.

Please keep the Historical Society in mind as you uncover documents, letters, photographs, deeds, bills, shopping lists, etc. from the past. The Society would love to add copies, if not the originals, to our growing collection. If you think the old photograph is too faded to be viewable, we can scan and enhance it to a remarkable extent.

Many thanks to all of the Society members who contribute so much to our mutual understanding and enjoyment of the meetings by their attendance and their questions and comments, which make our meeting not only enlightening but an enjoyable social occasion.

Special thanks to Kathy Frid, Program Chairperson; Cathy Acerra, Treasurer; Wally Dunham, Secretary; and Ruth Staugaard, Refreshment Coordinator.

Respectfully submitted,
Burton Staugaard, President.

DURHAM AMBULANCE CORPS TOWN REPORT 2000

The Durham Ambulance Corps (DAC) provides 24-hour emergency ambulance service to Durham, Lee, Madbury and the University of New Hampshire in memory of Dr. George G. McGregor. The corps is a private, non-profit, volunteer service funded by patient billing, appropriations from the communities, and donations.

In 2000 Durham Ambulance Corps responded to 934 calls, a thirty-call decrease from our 1999 total of 964 calls. 337 calls (36.08%) were located in Durham, 251 calls (26.87%) in Lee, 67 calls (7.17%) in Madbury, 251 calls (26.87%) on the UNH campus, and 73 calls (7.82%) were mutual aid to other towns.

DAC volunteers are local residents, UNH students, faculty, and staff. We welcome community members who are interested in the Corps to ride with us and learn more about our service. Scholarship funding for EMT training is offered to qualified permanent area residents.

ACHIEVEMENTS IN 2000

The DAC kitchen has been renovated to make it more space efficient and allow appropriate storage for rehabilitation supplies.

Corps members continue to work with community leaders to plan for the future, including plans for future Corps housing, planning to meet increased call volume, etc.

Corps funds including the McGregor Memorial Fund and the Building Fund, have been placed in higher interest yield accounts so that maximum safety, liquidity, and return are achieved.

The 2000 ambulance was delivered on time and under budget. Members received training to operate the vehicle, and it was placed in service in May. A \$16,000 grant from, Wentworth-Douglass Hospital was secured to fund a portion of the \$120,000 cost.

The Corps' biennial fund drive, started in 1999, was the most successful yet, with over \$20,000 being raised.

GOALS FOR 2001

Continue to work with Durham, Lee, Madbury, and University of New Hampshire officials to plan for future Corps housing and meeting the future EMS needs of the communities.

Improve the safety of DAC Crews, patients, and the general public by installing an Opticom traffic signal preempting device in the traffic lights at the intersection of Route 4 and Madbury Rd.

Conduct a biennial fund drive in late 2001 to raise money for the McGregor Memorial Fund, for the purchase of non-expendable equipment, and the DAC Building Fund.

Research options for new advanced cardiac monitor with capabilities of automated external defibrillation (AED) for EMT-Basics, manual defibrillation, cardiac pacing and 12-lead EKG for advanced providers, and vital signs monitoring, for purchase in 2001 or 2002.

We own a great deal of thanks to the communities and citizens of Durham, Lee, Madbury, and UNH for their continued support, and especially for their generous response to our fund raising efforts. We would also like to thank the Durham, Lee, and Madbury Fire Departments, the Durham-UNH Communications Center, and the Durham, UNH, Lee, and Madbury Police Departments, and Wentworth Douglass Hospital for their support. Most of all, we would like to thank all the DAC volunteers for their many hours of dedicated service that have enabled us to provide state-of-the-art emergency medical care to the communities for over 30 years. We look forward to serving our communities for many more years.

Respectfully submitted,

Patrick D. Ahearn, President	Mary C. Davis, Manager
Susan J. Burns, Administrative V.P.	Rachel Moniz, Training Coordinator
Lynn Gentile, Secretary	Jenny Moulton, Treasurer
Theodore Keith, Operations Vice President

STRAFFORD REGIONAL PLANNING COMMISSION

Very active and highly visible can best describe Strafford Regional Planning Commission during the past year. Executive Director Cynthia Copeland continues contact with Madbury officials and board members as we collaborate on town projects. Reorganization in the Planning Commission's office this past year provides communities with professional staff and better up-to-date technical equipment vital for improved support services as municipalities plan, zone, improve, protect and grow.

Madbury's relationship with the regional planning commission is valuable not only for technical assistance, but also because the commission keeps us informed about surrounding towns' activities and how our projects are impacted by or have an effect on those around us. On the commission we track federal and state standards and develop legislation as we select and work on projects. This shows us where we should seek funding and what changes occur in environmental standards as we decide on scheduling and proceeding with our efforts.

As part of the EPA's sustainable Development Challenge Program, our SRPC Indicator Workshop identified water as the central issue around which we will develop a set of regional indicators. We will examine water quality and use together with economics, infrastructure, and land protection as we develop a baseline of information about regional water supplies. This will assist all communities in our area.

We completed work on the maps for the Oyster River Watershed Association and we are doing the Watershed Management Plan. This work was done with the GIS Group, which has brought our attention to economic development. SRPC together with other RPC's in New Hampshire worked to standardize economic development GIS data. Madbury benefits from this in multiple ways as our residents know the locations of major employers, public transit routes, and childcare.

SRPC is working with Madbury's Planning Board on our Master Plan. We hosted the Household Hazardous Waste Collection Day again and we continued to address the issue of Sprawl. Our efforts are enhanced by the cooperative endeavor for Madbury, Durham, Lee, Barrington, Dover, and the University of New Hampshire in a joint purchasing agreement with the Tamposi Company and NHDES Water supply Land Conservation Grant Program to protect 1,350 acres of land in Barrington. This tract of land includes 90 acres along the Bellamy River and the headwaters of the Oyster River.

Transportation through and within Madbury will soon be improved with the reconstruction of the Route 155 railroad bridge. This bridge has long been listed as one of the ten most dangerous bridges in the state because of increased volume and types of traffic and deterioration of the structure. Together with the improvement of grade and dangerous corner on Pudding Hill Road, these road projects were kept in the forefront by SRPC's cooperation and work on the 10 year highway plan.

The Route 155 railroad bridge will be rebuilt at a higher elevation to better accommodate the Portland-Boston rail service scheduled to begin in the spring of 2001. The train service coming through Madbury on the Portland-Boston route will be known as the "DownEaster". This passenger rail service for which SRPC has advocated will stop in Dover daily and Durham on weekends, and will surely be used by Madbury residents.

The Wagon Track Bike Path is in the final design stage. Madbury voted at town meeting to support this project. Construction is scheduled for the summer of 2001.

In many ways, we turn frequently to Strafford Regional Planning Commission to serve our needs. Our town's membership continues to be time and money well spent.

Submitted with best regards,
Janet G. Wall
Commissioner.

THE HOMEMAKERS OF STRAFFORD COUNTY

Helping the elderly, disabled and their families in need...

Thank you for helping to enhance the lives of both older persons and their families through your \$500.00 gift to The Homemakers of Strafford County's Day Out program.

Because of the support of caring friends like you, The Homemakers can continue to provide a quality, cost effective Day Out program that gives people a purpose...a higher quality of life.

Thanks to caring friends like you, older and disabled persons in Strafford County will continue to be able to look forward to participating in a variety of activities five days a week. Whether they suffer from Alzheimer's disease, diabetes, heart disease or loneliness, your gift will enable us to continue to provide a quality Day Out program to older people in need. Your gift also helps family caregivers to receive a few hours of needed daytime respite so that they can run errands, continue to work, or even rest while their loved one is attending the Day Out program.

Again, on behalf of all of us at The Homemakers, the people we serve, and their families thank you for your continued support of our Agency and your generosity.

Sincerely,
Claudette Boutin, RN
Chief Executive Officer
